

## Deltek Now

**Small Business. Big Results.** The Deltek Now program is specifically designed to make it easier for small businesses to evaluate, purchase, implement and run Costpoint.

Through our partnership and collaboration with the small business community, Deltek has launched a new program to serve the needs of emerging project-based businesses and government contractors. Deltek Now empowers small business owners in the federal space to succeed and grow by offering Costpoint Foundations – a cloud-based, enterprise resource planning (ERP) offering for government contractors – packaged and priced for the needs of a small business for employee and revenue standards as defined by the U.S. Small Business Administration.

### ERP Made Easy

Deltek Now provides all the financial, project accounting, and labor and expense management capabilities small businesses need without the IT overhead. We have designed a simple-to-use accounting application that enables project-centric organizations to manage their contracts and government compliance requirements built on the industry's most trusted software. By selecting Costpoint Foundations, your business will be optimized for growth and scalability.

### Key Features Include:
