

QuickBooks® Online

Accounting automation for Magaya

Harness total financial control of your supply chain business with QuickBooks Online, the number one software program for online accounting and bookkeeping.

Connect the Magaya Supply Chain system with QuickBooks Online to sync your customers, vendors, payment terms, invoices, and more, with just one click.

This easy-to-use extension puts an end to duplicate data entry and manual import-export, saving you valuable time and money. Integrate Magaya Supply Chain and QuickBooks Online to gain the accuracy needed to run your business effectively, grow your bottom line, and manage your finances from anywhere using the QuickBooks Online web interface or mobile app.

BENEFITS

Boosts Efficiency

By syncing your Magaya data to QuickBooks Online automatically through the extension, you eliminate the risk of costly errors associated with manual data entry.

Saves Time

Let Magaya streamline your accounting workflow by integrating Magaya Supply Chain and QuickBooks Online. You'll spend less time performing manual data entry tasks with this extension.

Increases Visibility

By connecting your accounting transactions using the extension, you gain visibility and added on-the-go reporting capabilities through the QuickBooks Online mobile app.

Deploys Easily

The intuitive user interface enables business users to perform the mapping between Magaya Supply Chain and QuickBooks Online with no technical knowledge required.

BOOST YOUR PRODUCTIVITY WITH MAGAYA AND OUR QUICKBOOKS ONLINE EXTENSION

Send your accounting data from Magaya to QuickBooks Online, making it easier to stay organized without having to juggle multiple platforms.
