

# The Power Of E-Statements

## EASY For Patients, EFFICIENT For Providers

### Make Patients' Lives Easier With Electronic Statements

**83%**

of healthcare consumers prefer electronic statements.

- Empower easy access to care
- Securely deliver via text and/or email
- Increase open rates with digital engagement tracking

### Help Cover Costs Of Care With Personal Payment Plans

**25%**

of patients delay care due to out-of-pocket costs.

- Correct the root cause of denials
- Automate appeal workflows by payor
- Increase accuracy of patient statements

### Appeal Denied Claims Through High Level Automation

**90%**

of all claim denials are preventable, with successful appeals possible in two-thirds of those denials.

- Improve cash flow and get paid faster
- Automate all or parts of your patient revenue cycle
- Lower collection costs and shrink risk of bad debt

### Improve Patient Satisfaction And Personify Your Revenue Cycle

**50%+**

More than half of consumers would consider switching providers for a better payment experience.

- Improve price transparency
- Enhance financial convenience
- Simplify personal billing management

## THE ALL-IN-ONE SOLUTION

We provide both efficiency tools and engagement features that are built to manage ALL aspects of the patient revenue cycle. With high-level automation, intuitive analytics and comprehensive reporting, our tools ease your staff's workload and optimize business operations, all while giving you more time to focus on what is important to you outside of the office.
