

BACKGROUND SCREENING FOR YOUR BUSINESS PARTNERS

Don't take unnecessary risks with your business —
bring your business partners up to your level.

Businesses are using outside affiliates, franchises, volunteers and special partners to handle staffing flexibility issues more than ever. While industry statistics show that almost 80% of corporations in the United States are running background checks on their employees, **does this same trend carry over to those with whom you do business?**

SelectCheck offers you protection in an easy-to-implement, cost-effective program. SelectCheck benefits include:

- **Landing page** configured to your brand, with your special pricing
- **Fast account registration** and ordering process
- **24/7 online access** to request checks and review results
- **Pre-set discount pricing** delivering significant cost savings
- **Live customer service support** for you and your business partners

100% compliance with your background screening practices at no cost to you.

You design the program.
Your business partners pay.
