

BACKGROUND SCREENING FOR YOUR VENDORS

Don't take unnecessary risks with your business –
bring your vendors up to your level.

Businesses are using outside contractors and vendors to handle staffing flexibility issues more than ever. While industry statistics show that almost 80% of corporations in the United States are running background checks on their employees, **does this same trend carry over to your vendors and contractors?**

VendorSafe offers you contractor/vendor protection in an easy-to-implement, cost-effective program. VendorSafe benefits include:

- **Landing page** configured to your brand, with your special pricing
- **Fast account registration** and ordering process for vendors
- **24/7 online access** to request checks and review results
- **Pre-set discount pricing** delivering significant cost savings to your vendors
- **Live customer service support** for you and your vendors

100% compliance with your background screening practices at no cost to you.

You design the program.
Your vendors pay.
