US OneVERIFY

With a US OneVERIFY check, we will not only search more than 600 million criminal records from counties, departments of corrections (DOC), administrative Office of courts (AOC) and offender registries from all 50 states, plus Washington DC, Guam, and Puerto Rico, but we will also verify criminal matches directly at the source before reporting them, updating the record to match currently available public records, completing incomplete records, and allowing reporting of records that become legally reportable based only on the updated and complete record.

US OneTrace

backgroundchecks.com will run an individual's social security number (SSN) against a multi-jurisdictional database that includes information provided by hundreds of public and private sources. The result is our US OneTRACE search that details available names and addresses associated with the provided SSN.

There's a onetime registration fee of \$49.95
