

**A lot has changed in  
the 80 years we've  
been in business.  
Our commitment to  
you has not.**

 **NEW LEADER**

# Spread More. Spread Faster. Spread Wider.

There's nothing quite as expensive as a spreader that's not working when you are. That's why you need New Leader's compost and litter spreaders. They're the highest quality, highest throughput compost spreaders on the market, spending more time doing what you bought them for, and doing it better than the competition.

## Industry-Leading Service & Support

- 24-hours a day, 365-days a year support
- Nation-wide dealer network
- Mobile app with simple start settings

## Industry-Leading Productivity

- Up to 5 tons per acre
- 55' spread widths
- Over 500 acres per day

## Productivity

PROVEN ADVANTAGES YIELD MEASURABLE RESULTS.

It's never easy, but running your business today requires more efficiencies than ever before. We design our equipment knowing that every penny and every acre count.

## Proven Reliability

QUALITY DESIGN WITH AN 80-YEAR TRACK RECORD.

New Leader's legacy has been built from decades of proven reliability from product performance all the way through to the training and service that follows- New Leader is a partner you can trust for profitable results.

New Leader L5034

## Exclusive OEM Relationships

- Chassis-mount compost/litter spreaders available on Case IH and AGCO chassis
- Pull-type compost/litter spreaders available through Case IH, AGCO, and John Deere dealers

## Maximum Reliability

- Less downtime and more consistent output than leading competition
- Spread up to 4X as many acres per day

## Performance

OUR ONLY MISSION IS TO BUILD THE BEST.

As a focused industry leader, we build the best because we work with the best. Our dedication has led to industry-leading partnerships that have stood the test of time and driven us to build application solutions that outperform the rest.

## Positive ROI

LOWER TOTAL COST OF OWNERSHIP

In today's business, making the most of every advantage makes a difference. New Leader spreaders offer maximum return on investment with 80 years of superior product performance, combined with durability and efficiency without breaking the bank.

## NL450C: High-Output, Light-Footprint Pull-Type Spreader

- 450 cu.ft. capacity
- Extra-wide 34" conveyor 50° side slopes for better material flow
- 118" wide body for increased payload capacity
- Stainless steel conveyor floor to resist corrosion
- Heavy-duty trailer mainframe with universal hitch and walking suspension with 12" of travel

# No time for downtime.

The difference between success and failure isn't only about the product itself, it's also the service that follows. Because in this business, it's expensive to have a machine not working when you are. Which is why it pays to choose New Leader spreaders. Backed by the highest quality service team in the industry. So you can focus on what matters.

## PARTS & SERVICE

24-hour-a-day, 365-day-a-year support – bottom line, we're always here, especially during peak seasons. Service, parts and product specialists ready to answer questions, troubleshoot and assist in any way possible to minimize downtime and keep operators on the road.

## TRAINING

New Leader thoroughly trains our dealer network through the Certified Technician (C-Tech) program, created to make experts in our products - just like we are. Rigorous training and annual re-certifications ensure our dealers are the best of the best.

## WARRANTY

New Leader is proud to build the best equipment of crop nutrient applicators – and we stand behind our product. Through our exclusive OEM partnerships, our boxes are custom designed to work seamlessly with the chassis to maximize reliability and service life.

# The Real ROI

of New Leader Compost Spreaders

10,000 Acre Scenario - 5 Ton Rate

55'

Spread Width

Leading Competitor:  
35' Spread Width

16

Miles Per Hour

Leading Competitor:  
6 Miles Per Hour

587

Acres Spread Per Day

Leading Competitor:  
140 Acres Spread Per Day

When using a New Leader compost spreader compared to a leading competitor, these numbers add up to:

54 Days

of Spreading Saved  
vs. Competitor

\$32,905

**Total Savings**

**\$15,026 in Fuel**

**\$14,899 in Labor**

**\$2,980 in Overhead**

**Assumptions:** 10,000 Acres • \$50k Operator Salary • \$3.07 Diesel Fuel • 55% Field Efficiency
