From the home page, select the sessions box.

2

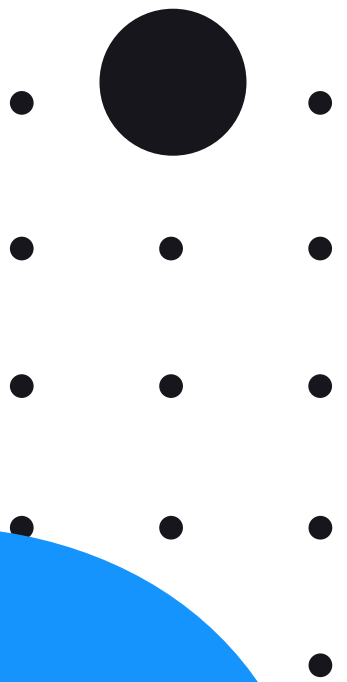

Check your live sessions

When you arrive on the session page, you can view a list of your upcoming live sessions. You can select "View Details" on the bottom of the session card to find out more details about the session. A live session will become open to join 30 minutes before the scheduled time.

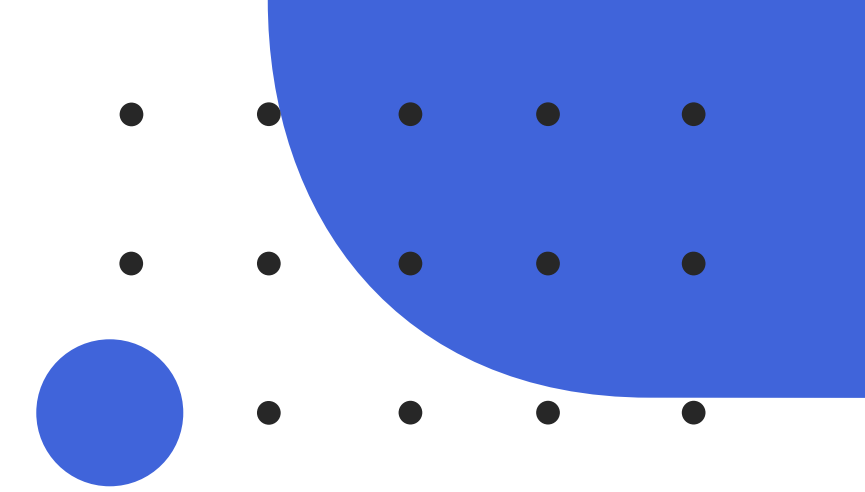

3

Check your On-Demand sessions

To check your on-demand sessions, select the On-Demand tab on the top of your sessions list. Some On-Demand sessions will have a due date, meaning it will be available until the scheduled date. If it has no due date, then the session will be available forever, or until the Facilitator decides to cancel it.
