

HELPFUL SELF-CONSUMPTION TIPS

With the mySolarEdge app

1

7:30 a.m

Run dishwasher to clean the previous night's dishes.

2

8:30 a.m

Leave house.

3

9:15 a.m

Receive an alert from your mySolarEdge app informing you that you've left your bedroom light on. Switch it off through the app.

4

10:00 a.m

Switch your pool pump on through the mySolarEdge app, and let it run from 10am-3pm.

5

3:15 p.m

After having already put your load of laundry in the washing machine the previous night, switch your washing machine on through the mySolarEdge app and run for a 45-minute cycle.

6

4:00 p.m

Switch your aircon on via the mySolarEdge app to your pre-set desired temperature of 24 degrees.

7

5:30 p.m

When you arrive home, the house is cool, the dishwasher is ready to be unpacked and your washing is ready to be hung out.

8

6:00 p.m

Switch off your aircon and the house remains cool for the rest of the evening.
