## **1. ISSUER'S PROFILE**

This report illustrates the Corporate Governance system adopted by TXT e-solutions S.p.A. (hereinafter the "Company" or "TXT") and its compliance with the Corporate Governance Code of listed companies (hereinafter the "Code") pursuant to Article 124-bis of the Consolidated Law on Finance, Article 89-bis of the Consob Issuers' Regulation and Article IA.2.6 of the Instructions accompanying Borsa Italiana S.p.A.'s Rules.

Within the scope of the measures aimed at enhancing value for shareholders and ensuring transparent management actions, TXT defined an articulated and homogeneous system of rules of conduct concerning both its own organisational structure and relations with stakeholders – in particular with shareholders – that comply with the most advanced Corporate Governance standards. The Corporate Governance system adopted by the Board is in line with the principles stated in the Code aimed at ensuring proper and transparent corporate information and creating value for shareholders through an effective management of the Company.

Corporate bodies are listed below:

- Shareholders' Meeting;
- Board of Directors;
- Remuneration Committee;
- Risks and Internal Controls Committee;
- Board of Statutory Auditors.

The duly constituted Shareholders' Meeting (the "Shareholders' Meeting") represents the Company through its resolutions, which are adopted in compliance with the law and the By-Laws; they are binding on all shareholders, including those who are absent or dissenting.

The Board of Directors (the "Board") is assigned with the tasks of managing the Company on an exclusive basis. It is appointed by the Shareholders' Meeting every three years. Its members shall appoint a Chairman and a CEO and define their powers.

The Remuneration Committee is constituted by Board members and has consultative and advisory functions. In particular, it puts forward opinions and proposals to the Board of Directors concerning the remuneration of the Company's executive directors and managers with strategic responsibilities.

The Risks and Internal Controls Committee is constituted by Board members empowered to assess the adequacy of internal control and risk management systems, and to express an opinion on the control procedures.

The Board of Statutory Auditors is responsible for ensuring compliance with the law and the Company's By-Laws as well as for overall management controls. Is not assigned with the task of auditing company accounts, which is the responsibility of External Auditors, registered in a specific Register. The latter are vested with the power to verify, during the reporting period, that company books are properly managed, accounting items are correctly recorded and statutory and consolidated financial statements are in line with accounting entries and audits performed, and that all accounting documents are compliant with relevant regulations.

The corporate bodies' powers and tasks comply with the law, the Company's By-Laws and bodies' resolutions passed from time to time.

The issue was subscribed on 3 February 2014.

On 23 April 2012, the Shareholders' Meeting approved a stock grant plan for managers with strategic and key roles within the Company and the Group, up to a maximum of 1,020,000 ordinary shares (originally 510,000, they doubled subsequently to the share capital increase), to be performed by granting treasury shares.

On 16 April 2014, the Company's Shareholders' Meeting revoked the previous authorisation to purchase treasury shares and empowered the Board of Directors to proceed, also through delegated parties, pursuant to Article 2357 of the Italian Civil Code, with the purchase, in one or more tranches, for a period of 18 months since the resolution, of TXT e-solutions S.p.A. ordinary shares up to the legal maximum amount of 20% of the share capital. The minimum payment for the purchase must not be lower than the par value of TXT e-solutions S.p.A. shares, and the maximum payment must not be higher than the average of the official Stock Market prices in the three sessions prior to the purchase, plus 10%, and in any case it must not exceed € 25.00 (twenty-five/00).

The Shareholders' Meeting also authorised the Board of Directors, pursuant to Article 2357-ter of the Italian Civil Code, to transfer – also through delegated parties, at any time, in whole or in part, in one or more tranches and also before the purchases have been completed – treasury shares purchased based on this resolution, through their sale on the market, in relation to the stock options and stock grant plans adopted by the Shareholders' Meeting, and, finally, as a consideration for the purchase of holdings and/or the conclusion of agreements within the framework of the Company's investment policy. ## **4. BOARD OF DIRECTORS**

### **4.1. Appointment and replacement (Article 123-bis, paragraph 1, letter L), of the Consolidated Law on Finance)**

The Company is managed by a Board of Directors consisting of three to fourteen members, as decided by the Ordinary Shareholders' Meeting upon appointment. Directors are appointed in compliance with current applicable regulations on gender balance as specified below.

The Director's position is subject to compliance with the respectability, professionalism and independence requirements pursuant to the provisions applicable to the Company, and with those provided for by the codes of conduct issued by the company managing regulated markets.

If one or more members leave office during the financial year, those remaining in office replace them through a resolution approved by the Board of Statutory Auditors, as long as the majority of Board members is appointed by the Shareholders' Meeting. If the leaving members had been appointed by minorities (as hereafter defined), the new members will be chosen by the Board from among those belonging to the leaving members' minority list. In the event of replacement, the Board of Directors must also ensure compliance with current regulations on gender balance. The new members will hold office until the next Shareholders' Meeting.

Board Members are appointed by the Shareholders' Meeting on the basis of lists in which candidates must be progressively included. Shareholders who, alone or together with other shareholders, reach at least the share capital percentage provided for by the law or by Consob pursuant to Article 147-ter, paragraph 1, of the Consolidated Law on Finance (currently at 4.5%) have the right to submit the lists. The minimum shareholding requirement for the submission of lists is met based on the number of shares held by Shareholders upon submission. Related certification may be provided after the deposit but within the deadline scheduled for the publication of lists by the issuer.

Each shareholder can submit, or participate with other shareholders in the submission of, only one list and each candidate can stand in only one list, under penalty of being ineligible to qualify as a candidate.

The lists shall be deposited at the issuer's offices no later than 25 days before the date fixed for the Shareholders' Meeting resolving on the appointment of Board of Directors' members and they shall be available to the public at the Company's registered office, on its website, and by any other means provided for by Consob Regulation at least 21 days before the date fixed for the Shareholders' Meeting.

Within the above-mentioned deadlines, each list must also be submitted together with the declarations in which

individual candidates accept their candidacy and certify the absence of ineligibility and incompatibility reasons and the possession of relevant regulatory requirements, the candidate's CV and the existence of any independence requirements pursuant to Article 148, paragraph 3, of the Consolidated Law on Finance. The shareholders shall prove they own the number of shares necessary for submitting the lists by providing and/or sending a copy of the notices issued by the relevant parties to the Company's registered office, at least three days before the date scheduled for the Shareholders' Meeting on first call. The lists must show which candidates comply with the independence requirements provided for by the law.

Each person entitled to vote may vote for just one list.

The appointment of Directors is as follows:

- in the event that more than one list is submitted:

- a) four fifths of Board members are selected from the list that received the highest number of votes, based on the list's progressive order and rounding to the lower unit, in case of decimals;
- b) the other Board members are selected from the list ranking second, based on the list's progressive order, as long as said list is not directly or indirectly connected with the shareholders who submitted or voted for the list receiving the highest number of votes; in the event that several lists obtained the same number of votes, a run-off will be held between said lists and all the shareholders participating in the Shareholders' Meeting will cast their vote. The candidates belonging to the two lists receiving the majority of votes are elected;

- if only one list is submitted, directors are selected from that list, based on the list's progressive order until the number of directors provided for by the Shareholders' Meeting is reached;

- if no list is submitted or the number of elected candidates is not sufficient with respect to the number of directors required by the Shareholders' Meeting, directors are appointed by the Shareholders' Meeting through a resolution passed by the type of majority required by the law.

The lists with three or more candidates must include a gender mix, as provided for in the Shareholders' Meeting's notice, so that the Board of Directors' composition complies with current regulations on gender balance.

In any case, the appointed directors shall include at least one independent director, or the number of directors provided for by the regulations applicable to the Company upon appointment. If the independent director is not elected on the basis of the above-mentioned voting procedure, he/she will be appointed in place of the last director selected from the list he/she belongs to, giving priority to the independent director belonging to the list that received the greatest number of votes.

The minimum gender mix requirements provided for by regulations applicable to the Company must be complied with upon directors' appointment. If, following the election of candidates based on lists, the Board of Directors' composition does not comply with the gender mix requirements, a director of the least represented gender shall be appointed in place of the last director selected from the list to which he/she belongs, giving priority to the director of the least represented gender belonging to the list that received the majority of votes. Finally, if said procedure does not ensure within the Board the minimum gender mix requirements provided for by regulations, directors belonging to the least represented gender shall be appointed by the Shareholders' Meeting through a resolution passed by the type of majority required by the law without any restriction in terms of lists, and shall replace, if necessary to reach the number of board members required by the Shareholders' Meeting, the last elected candidate taken from the list that received the majority of votes.

In addition to the provisions of the Consolidated Law on Finance, the Company is not subjected to other provisions regarding the composition of the Board of Directors (such as industry provisions).

The Board of Directors has not established, within the Board, any Nomination Committee, since that function is directly performed by the Board owing to the Company's shareholders structure and Board's size.

At its meeting of 10 May 2012 the Board of Directors decided not to adopt a succession plan for executive directors (*Criterion 5.C.2.*), since the identification of parties to be assigned such role or the adoption of relevant selection criteria cannot be performed before the replacement becomes necessary. The appointment of a new executive director shall be assessed on a case by case basis.

#### **4.2. Composition (Article 123-bis, paragraph 2, letter d), of the Consolidated Law on Finance)**

In accordance with the Company's By-Laws, the Board of Directors has a minimum of 3 and a maximum of 14 members, pursuant to the resolution passed by the Ordinary Shareholders' Meeting upon appointment.

Board members' term of office lasts for three financial years; afterwards they may be re-elected. The current Board includes 7 members, 4 of whom are executive directors and 3 are non-executive independent directors. Pursuant to Article 3 of the Code, the latter do not have any economic relations with the Company, its subsidiaries, executive directors or shareholders such as to prejudice their judgement. In addition, they do not hold, directly or indirectly, any controlling interests and they do not enter in any shareholders' agreements to control the Company.

All members of the Board of Directors have been appointed by the Shareholders' Meeting held on 16 April 2014 and shall remain in office up until approval of the Financial Statements at 31 December 2016.

- examines and approves the strategic, industrial, and financial plans of the Group headed by the Company, periodically monitoring their implementation;
- determines the Company's corporate governance;
- defines the structure of the Group headed by the Company.

The tasks carried out by the Board of Directors on an exclusive basis are determined both by the Company's By-Laws and by corporate common practice. In particular, the Board is vested with the broadest powers regarding the Company's ordinary and extraordinary management and specifically, it is entitled to take all the measures it deems appropriate for achieving the Company's goals, except for those reserved exclusively for the Shareholders' Meeting pursuant to legal provisions. Notably, the Board of Directors:

1. gives and revokes the CEO's mandates (if any) by defining his/her operational environment and powers;
2. undertakes commitments which are not included in the ordinary management of the Company and previously approved budgets;
3. determines the remuneration of the Chairman of the Board of Directors after examining the Remuneration Committee's proposal and after consulting with the Board of Auditors;

#### **4.5. Other executive directors**

The Board of Directors comprises two additional members (Mr Andrea Cencini, Manager of the TXT Perform Division, and Mr Paolo Colombo, Manager of the TXT Next Division) who shall be deemed executive directors by virtue of the managing responsibilities held with the Issuer and its strategically significant subsidiaries (*Criterion 2.C.1.*).

Initiatives aimed at increasing knowledge of the corporate situation and trends are implemented upon each director's request (*Criterion 2.C.2.*).

#### **4.6. Independent directors**

The Board of Directors has three non-executive members (without operating powers and/or executive functions within the Company) such as to ensure, regarding both number and standing, that their opinion can be significant to the Board's decisions.

The non-executive members shall provide their specific technical and strategic expertise during board discussions in order to analyse the subjects under a different point of view and pass shared, responsible resolutions in line with corporate interests.

To this end, even if in urgent circumstances powers can also be assigned to non-executive directors, they shall not be considered as executive directors under this Report.

The independent directors are committed to maintaining their independence status over their term of office and, if necessary, to resign (Comment to Article 5 of the Code).

#### **4.7. Lead independent director**

The Lead Independent Director (*Criterion 2.C.4.*):

- a) represents a point of reference and coordination for the requests and contributions of non-executive directors, particularly independent ones;

The Committee shall perform its tasks in complete autonomy and full independence from the CEO.

Should the Committee be supported by a consultant on the market practices in terms of remuneration policies, it shall firstly ascertain that he/she is not in a position that might compromise his/her independence of judgment.

Minutes of Remuneration Committee meetings are duly taken and filed (*Criterion 4.C.1., letter d*). All members of the Committee attended the meetings held during the year. During the said meetings, the Committee:

- submitted proposals to the Board with regard to the remuneration of executive directors and managers with strategic responsibilities, with respect to both the fixed and variable portion of remuneration;

- the Audit Plan, the audit activities carried out, the activities relative to the Group's Risk Assessment, the progress of the Audit Plan and relative results, and the structure and role of the Internal Audit Department;
- the development project for the Enterprise Risk Management process.

As part of its mandate, the Risks and Internal Controls Committee has access to company information and offices and can appoint external consultants to the end of performing its functions, within the limits set by the Board (*Criterion 4.C.1., letter e*).

The financial resources available for the Risks and Internal Controls Committee to carry out its duties were set at € 25,000.

## **11. INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM**

Pursuant to the Code, such system may be defined as: "The set of rules, procedures and organisational structures aimed at making possible, through appropriate identification, measurement, management and monitoring of the main risks, an effective and correct management of the Company, consistent with pre-set goals".

In compliance with the Code, the internal control and risk management system also involves:

- i) the Board of Directors that sets the system guidelines and assesses its adequacy and effective operations, through the appointment of the Risks and Internal Controls Committee and its regular reporting activities;
- ii) the CEO who implements the guidelines defined by the Board of Directors and in particular, identifies the main corporate risks thanks to the support of directors in charge of internal control appointed by him;
- iii) the Risks and Internal Controls Committee with consultative and advisory functions, relating also to the assessment of the adequacy and correct use of the Company's accounting standards;
- iv) Directors in charge of internal control who verify, within internal processes, whether the defined controls are adequate with respect to the potential risks and suggest to the Committee and management, where necessary, the adoption of any measures aimed at eliminating risks of a financial nature and enhancing the efficiency and effectiveness of the corporate processes.

The Board of Directors is responsible for defining the global policies of the internal control and risk management system, setting the guidelines and regularly overseeing its adequacy and effectiveness thanks to the support of the Directors in charge of internal control. The responsibility for implementing the internal control and risk management system, in terms of carrying out and managing the measures, mechanisms, procedures and rules, fully applies to all the Company's functions.

The Board of Directors shall also ensure that the main risks faced by the Company are identified and adequately managed.

The Company's internal control and risk management system relating to financial reporting is based on the "COSO Report" model that considers "the internal control system as a set of mechanisms, procedures and tools aimed at ensuring achievement of corporate goals".

The aims of the financial reporting process are the accuracy, reliability, trustworthiness and timeliness of the information disclosure. Risk management is an integral part of the internal control system. The periodic assessment of the internal control system on the financial reporting process aims to verify that the components of the COSO Framework (control environment, risk assessment, control activities, information and communication, monitoring) are properly working together to achieve these objectives. The Company has implemented administrative and accounting procedures that ensure high standard reliability of the internal control on financial reporting.

The approach adopted by the Company on the assessment, monitoring and continuous updating of the internal

control and risk management system in terms of financial reporting allows that assessment is carried out on critical areas with higher risk/importance, i.e. where the risks of material mistakes are higher, also due to fraud, on financial statements items and on related documents. The identification and assessment of possible errors that could have significant effects on financial reporting takes place through a risk assessment process that identifies organisational entities, processes and related accounting entries and the specific activities that could generate any significant errors. According to the methodology adopted by the Company, risks and related controls are associated to accounts and business processes generating accounting items.

Once identified by the risk assessment process, the significant risks shall be identified and assessed by specific tools (key controls) that ensure their coverage, thus limiting the risk of any potentially significant error on financial reporting.

Based on international best practice, the Group has implemented two types of control:

- controls at Group or subsidiary level for assignment of responsibilities, powers and delegation, duties and allocation of privileges and access rights for IT applications;
- controls at process level, such as the issue of authorisations, reconciliation processes, compliance tests, etc. This category includes controls relating to operational processes, period-end accounting and cross-cutting controls. Such controls may be “preventive” with the aim of preventing the occurrence of anomalies or fraud that could cause errors in financial reporting or “detective” with aim of detecting any anomaly or fraud that has already occurred.

The assessment of controls, where appropriate, may require the identification of compensation controls, corrective action or improvement plans. The results of monitoring activities are regularly examined by Managers responsible for preparing the corporate accounting documents. They are then reported to top management and to the Risks and Internal Controls Committee, which in turn reports to the Parent Company's Board of Directors and Board of Statutory Auditors.

### **11.1. Executive director in charge of the internal control and risk management system**

On 8 March 2010 the Board of Directors appointed CEO Marco Guida as the Executive Director in charge of the internal control system (*Principle 7.P.3., letter a) no. (i)*).

The executive director in charge of supervising the functions of the internal control and risk management system was responsible for the following activities:

- together with the Supervisory Board, he was in charge of identifying the main corporate risks, taking into account the features of the business carried out by the Company and its subsidiaries. His findings were submitted to the Risks and Internal Controls Committee and to the Board of Directors (*Criterion 7.C.4., letter a)*);
- he implemented the guidelines adopted by the Board, managing the drafting, implementation and management of the internal control and risk management system, verifying its general adequacy, efficacy and effectiveness (*Criterion 7.C.4., letter b)*);
- he aligned the system with the operating activities and with the current regulatory framework (*Criterion 7.C.4., letter c)*);
- he has the power to request the internal audit function to conduct inspections on specific operational areas and on the compliance with the rules and internal procedures in performing company activities, promptly informing the Chairman of the Board, the Chairman of the Risks and Internal Controls Committee and the Chairman of the Board of Statutory Auditors (*Criterion 7.C.4., letter d)*);
- during the Board of Director's meeting of 12 May 2011, he proposed to appoint Luigi Piccinno as Manager responsible for internal audit (*Principle 7.P.3., letter c)*).

### **11.2. Manager responsible for internal audit**

On 12 May 2011, the Board of Directors appointed Luigi Piccinno as Manager responsible for internal audit, with the task of checking the consistency of the internal control and risk management system, its operations and effectiveness (*Criterion 7.P.3., letter b)*).

The appointment was made on advice of the Executive Director in charge of internal control and risk management system, following consultations with the Risks and Internal Controls Committee and the Board of Statutory Auditors (*Criterion 7.C.1., part two)*).

The Manager responsible for internal audit's remuneration, following the opinion of the Risks and Internal Controls Committee, has been determined in accordance with company policies and is sufficient for him to carry out his duties (*Criterion 7.C.1., part two*).

The Manager responsible for internal audit:

- a. is in charge of the company quality system, and is a member of the Supervisory Board pursuant to Legislative Decree no. 231. He reports directly to the Executive Director in charge of the Internal Control and Risk Management System. The Board of Directors, after consulting with the Risks and Internal Controls Committee and with the Executive Director in charge of the internal control and risk management system, deemed this solution adequate and balanced, in view of the relatively small size of the group and its streamlined operating structure (*Criterion 7.C.5., letter b*);
- b. verifies, both on an ongoing basis and in relation to specific needs and in compliance with international standards, the operations and suitability of the internal control and risk management system, by means of an audit plan, approved by the Board of Directors based on structured analyses and priorities (*Criterion 7.C.5., letter a*);
- c. had direct access to useful information for carrying out his duties (*Criterion 7.C.5., letter c*);
- d. prepared a report containing adequate information on his activity, on the method with which risk management is conducted as well as on the compliance with the plans defined for their management, in addition to an assessment on the adequacy of the internal control and risk management system (*Criterion 7.C.5., letter d*) and submitted it to the Chairman of the Board of Statutory Auditors, the Chairman of the Risks and Internal Controls Committee and the Chairman of the Board of Directors as well as to the Director in charge of the internal control and risk management system (*Criterion 7.C.5., letter f*);
- e. reported to the Risks and Internal Controls Committee and to the Board of Statutory Auditors on the activities performed (*Criterion 8.C.6., letter e*). Additionally, he reported to the Executive Director in charge of the internal control and risk management system (*Criterion 7.C.5., letter f*);
- f. verified, within the audit plan, the reliability of the information systems including accounting systems (*Criterion 7.C.5., letter g*).

The Manager responsible for internal audit, in carrying out its functions, is supported by an external consultant, Mr Marco Masante (*Criterion 7.C.6.*).

### **11.3. Organisation model pursuant to Legislative Decree no. 231/2001**

The Board Meeting held on 14 March 2008 approved the organisation model in compliance with the provisions of Legislative Decree no. 231/2001. Such model includes the Code of Ethics with binding rules and principles for directors, employees, consultants, external staff and suppliers.

To define the organisation, management and control model, TXT adopted a planning approach that allows to use and integrate in such model the existing rules as well as to integrate any new offences defined by the law. The TXT model structure aims at making controls and procedures within the group as efficient and consistent as possible.

This approach: i) enhances the existing corporate assets in terms of internal policies, regulations and rules addressing and governing risk management and control procedures; ii) makes it possible to promptly update rules and methods to be communicated within the Company, subject to future fine-tuning; iii) makes it possible to manage all corporate operating rules in the same way, including those pertaining to "sensitive issues".

The TXT model is composed of:

- a) the General Part;
- b) the Code of Ethics and the organisation procedures that are already in force within TXT and pertain to the control of conducts, events or acts relevant to Legislative Decree no. 231/2001. The Code of Ethics and the procedures in force, even if they have not been explicitly issued pursuant to Legislative Decree no. 231/2001, aims at monitoring that the conduct of TXT representatives or employees is correct, accurate and compliant with the law, and therefore, they contribute to ensure crime prevention according to Legislative Decree no. 231/2001;

- c) the Special Part, concerning the specific offence categories that are relevant for TXT and the applicable provisions.

On 5 August 2010, the Board approved updating of the Code of Ethics and the Organisation Model, in particular with reference to the company activities in the software and IT systems sector and to the expertise it has accrued over recent years. The most significant updates regard the activities in terms of workplace safety, also with regard to sub-contracts and dealings with third parties, along with the distinctive realm of cyber crimes.

The analysis focused on the planning methods, principles and measures used to identify corporate risks and to subsequently assess regulations and procedures of operating activities, the general features of controls, protocols and procedures to monitor those fields potentially at risk. It also included tasks, powers, ineligibility and incompatibility reasons that would result in the Supervisory Board's end of term of office pursuant to said regulations. During its supervision activities, the Board shall regularly report to the Executive Director in charge of the internal control system, and periodically to the Board of Directors in reference to the degree of implementation, effectiveness and operating efficiency of the Model.

The Board has updated the risk report with "as is" and gap analysis, along with the Code of Ethics, the Supervisory Board's regulations and the "Organisation and Management Model 231", and it confirmed Mr Marco Edoardo Guida as the Executive Director in charge of the Internal Control and Risk Management System, with the power to modify the operating tools, including those of the Organisation Model, as well as any operating procedure and/or company control protocol that shall be adopted in order to monitor new activities or new aspects of previously existing activities. He was also granted the power to approve any changes that may be implemented to the operating procedures and/or existing company control protocols, in order to meet the organisation and updating requirements, as requested by the various relevant bodies and by the Supervisory Board as well.

On 8 May 2014, the Board of Directors confirmed the 12-month office of the Supervisory Board pursuant to the 231 Model: Mr Marco Masante (Chairman) and Mr Luigi Piccinno.

On 1 October 2014, the company adopted a Policy for the prevention of corruption (available online at <http://www.txtgroup.com/it/governance/Pagine/codeofethics.aspx>) and disseminated a specific procedure to all employees of Group companies.

The Organisation Model is available on the Company's website at the following address:

<http://www.txtgroup.com/it/governance/Pagine/organizationalmodel231.aspx>

#### **11.4. External Auditors**

The Shareholders' Meeting of 23 April 2012 appointed Reconta Ernst & Young Spa, Via della Chiesa 2 - 20123 Milan as External Auditors for the years 2012 to 2020, following the proposal of the Board of Statutory Auditors. Their tasks include auditing the annual financial statements, limited auditing of the half-yearly reports, as well as monitoring activities under Article 155 of the Consolidated Law on Finance.

#### **11.5. Director responsible for preparing corporate accounting documents**

On 14 February 2008, the Board of Directors, with a favourable opinion of the Board of Statutory Auditors, appointed Mr Paolo Matarazzo as Director responsible for preparing corporate accounting documents. Mr Paolo Matarazzo is also the Group's Chief Financial Officer (*Principle 7.P.3., letter c*).

The Director responsible for preparing corporate accounting documents arranges appropriate administrative and accounting procedures to prepare of the consolidated and statutory financial statements, as well as all other financial documents. The delegated bodies and the Director responsible for preparing corporate accounting documents certify the equity, income and financial disclosure pursuant to legal requirements.

The Board of Directors oversees that the Director responsible for preparing corporate accounting documents can access suitable instruments to perform his tasks and that administrative and accounting procedures are effectively complied with.

### 11.6. Coordination between the parties involved in the internal control and risk management system

The various Company parties involved in the internal control and risk management system (the Board of Directors, the Director in charge of the internal control and risk management system, the risks and internal controls committee, the manager responsible for internal audit, the director responsible for preparing corporate accounting documents and other company roles and functions with specific duties of internal control and risk management, and the board of statutory auditors) shall coordinate their own activities and exchange relevant information during periodic meetings and, if necessary, during specially convened meetings (*Principle 7.P.3.*).

## 12. DIRECTORS' INTERESTS AND TRANSACTIONS WITH RELATED PARTIES

Transactions with related parties are defined by international accounting standards (notably IAS 24) and also involve consolidated subsidiaries 100%-owned by the Company. Transactions between the Company and its subsidiaries are mainly of an on-going commercial nature, based on agreements which do not feature any unusual clauses differing from standard market practices for transactions at arm's length.

In view of the nature of transactions and their ordinary character in line with market practices, the Board deemed it unnecessary to apply for a "fairness opinion" to be provided by an independent expert to the end of assessing the economic consistency of the transactions. As stated above, transactions with related parties, with significant income, equity and financial value, are reserved to the Board of Directors.

With reference to the disclosure to the Board of Directors, except for necessary and urgent events, all transactions with significant income, equity and financial value, significant transactions with related parties and atypical and/or unusual transactions are submitted to the prior approval of the Board of Directors.

As for transactions with related parties, including intra-group transactions, not submitted for Board approval as deemed typical or usual and/or at standard conditions – i.e. at the same conditions applied by the Company to any other party – the CEO or the General Manager or the Managers in charge of the transactions, without any prejudice to the dedicated procedure pursuant to Article 150, paragraph 1, of the Consolidated Law on Finance, shall collect and preserve, by type or group of transactions, adequate disclosure on the nature of the transaction, its methods of execution, conditions, whether economic or otherwise, of implementation, on the assessment method adopted, underlying interests and reasons and any risks for the Company.

Despite their subject and value being pertinent, prior approval of the Board of Directors is not required for transactions which:

- are executed at market conditions or at the same conditions applied to parties other than the related parties;
- are typical or usual – i.e. they fall under the Company's ordinary operations as for their subject, nature and degree of risk, as well as execution period.

In any event, the Board of Directors shall be duly notified about such transactions as well.

On 8 November 2010, the Board of Directors approved a new implementation procedure, pursuant to Article 2391-bis of the Italian Civil Code, the Corporate Governance Code of Listed Companies, and the Consob Regulation on related parties, approved by Resolution no. 17221 of 12 March 2010 (the "Consob Regulation"). This new procedure identifies the rules governing the determination, approval and execution of transactions with related parties of TXT e-solutions S.p.A., either directly or through subsidiary companies. The purpose of this procedure is to ensure the formal and material transparency of said transactions.

"Significant Transactions with Related Parties" refer to:

- i) Transactions exceeding the lower of € 500,000 or 5% of any of the following relevance ratios, to be applied according to the specific transaction:
  - Amount relevance ratio: the ratio between the transaction amount and the net equity resulting from the latest published TXT consolidated balance sheet or, if greater, the TXT capitalisation at the end of the last trading day included in the period covered by the latest periodic report (annual, half-yearly or interim reports) published. Should the economic conditions of the transaction be determined, the transaction amount shall be:

- a. for cash components, the amount paid by or to the other party;
- b. for financial instrument components, the fair value determined at the date of the transaction, in accordance with international accounting standards adopted by Regulation (EC) no. 1606/2002;
- c. for funding or guarantees, the maximum amount payable.

If the economic conditions of the transaction depend, in whole or in part, on items not yet known, the transaction amount is the maximum amount allowable or payable under the agreement.

- **Asset relevance ratio:** the ratio between the total assets of the entity involved in the transaction and TXT's total assets. The data to be used shall be obtained from the most recently published TXT consolidated balance sheet. Where possible, similar data should be used for determining the total assets of the entity involved in the transaction.  
For transactions involving the acquisition and disposal of shares in companies that have an impact on the area of consolidation, the value of the numerator is the total assets of the investee, regardless of the percentage of capital concerned.  
For transactions involving the acquisition and disposal of shares in companies that do not have an impact on the area of consolidation, the value of the numerator is:
    - a. in case of acquisition, the transaction amount, plus the liabilities of the company acquired taken on by the purchaser, if any;
    - b. in case of disposal, the amount of the sold asset.
 For transactions involving the acquisition and disposal of other assets (other than the acquisition of company shares), the value of the numerator is:
    - a. in case of acquisition, the higher of the consideration or the carrying amount that will be attributed to the asset;
    - b. in case of disposal, the carrying amount of the asset.
  - **Liabilities relevance ratio:** the ratio between the total liabilities of the entity acquired and TXT's total assets. The data to be used shall be obtained from the most recently published TXT consolidated balance sheet, if drawn up. Where possible, similar data should be used for determining the total liabilities of the company or business branch acquired.
- ii) Transactions with the listed parent company or any entities related to the latter which are in turn related to TXT, where at least one of the above-mentioned relevance ratios exceeds 2.5%.
- iii) Transactions with related parties that may have consequences on the management independence of the Company (including those concerning intangible assets), exceeding the relevance thresholds of 5.0% as stated in (i) or 2.5% if conditions pursuant to point (ii) apply.

In order to calculate the aforementioned amounts, each single transaction is considered, or, should several transactions be connected because of the same purpose or goal, the total amount of all connected transactions is considered.

The Board of Directors is in charge of decisions regarding Transactions with Related Parties, and the Significant Transactions with Related Parties (hereinafter the "Transactions"). In order to make decisions, the Board shall receive, with reasonable prior notice, adequate and complete disclosure on the features of the Transactions, such as the nature, means of execution, conditions, including economic conditions, interests, underlying reasons and any risks for the Company. Both in the information-gathering phase and in the decision-making phase, the Board of Directors shall attentively examine the Transactions. This analysis shall be supported by adequate documentation showing the reasons for the Transactions, their profitability, and that the transaction conditions are materially correct. In particular, should the Transaction conditions be equivalent to market or standard conditions, detailed supporting documentation shall be provided.

The Board of Directors decides on the Transactions after justified, non-binding advice of a committee solely composed of non-related non-executive Directors, with the majority of them being independent (the "Independent non-Related Directors' Committee") which examines the interests of the Company in reference to

the Transaction, its profitability and if its conditions are materially correct.

In order to issue non-binding advice, the Independent non-Related Directors' Committee shall receive exhaustive and adequate disclosure on the Transactions and their features. The Independent non-Related Directors' Committee may be supported – at the Company's expenses – by one or more independent experts that are not related and have no direct or indirect personal interest in the Transaction. These experts may express an opinion or draft a report on the economic conditions and/or the technical aspects and/or on the legitimacy of the Transactions. The maximum amount that may be charged to the Company shall be proportional to the value of the Transaction, and in any case it shall not exceed € 20,000 for each single transaction.

The Board of Directors and the Board of Statutory Auditors shall receive exhaustive disclosure on Transactions at least every three months.

The decision of the Board of Directors may be taken despite advice to the contrary from the Independent non-Related Directors' Committee.

Should the Transaction involve the interest of one of the TXT Directors, the Director qualifying as the related party shall promptly inform the Board of Directors about the existence of a personal interest, pursuant to Article 2391 of the Italian Civil Code, and he /she shall abstain from voting on the issue. If the Board of Directors deems that the presence of the aforementioned Director during the information-gathering and decision-making phases is useful, he or she may take part in the process, after the Board of Statutory Auditors has been consulted on the issue.

The resolutions of the TXT Board of Directors on the Transactions shall provide full information on the interests of the Company, reasons, profitability and material correctness of the Transactions for the Company and the group to which the Company belongs (the "TXT Group"). Should said Transactions be the responsibility of the Shareholders' Meeting or should they be authorised by the latter, pursuant to the law or the By-Laws, the aforementioned procedure shall apply to the negotiation, information-gathering and decision-making phases.

Transactions of less than € 100,000 are excluded from the aforementioned procedure, as long as they do not represent a risk and they do not have a significant impact on the Company's equity and financial position. Similarly, the remuneration plans based on financial instruments approved by the Shareholders' Meeting, pursuant to Article 114-bis of the Consolidated Law on Finance and related implementation provisions, are also excluded from this procedure, also in light of the Shareholders' Meeting competence and rigorous disclosure process. Furthermore the decisions taken by the Shareholders' Meeting on issues stated in Article 2389, paragraph 1, of the Italian Civil Code, regarding remuneration of members of the Board of Directors and the Executive Committee, are likewise excluded from this procedure, as well as the decisions on the remuneration of Directors who cover particular offices up to the amount decided by the Shareholders' Meeting pursuant to Article 2398, paragraph 3, of the Italian Civil Code. Finally, resolutions on remuneration of Directors who cover particular offices not included in the aforementioned examples and of Managers with strategic responsibilities are excluded from this procedure, provided that:

- the Company has implemented a remuneration policy;
- a committee composed of mainly independent non-executive directors has been set up to deal with the remuneration policy;
- the Shareholders' Meeting has approved the report concerning the remuneration policy or it has expressed its opinion on it;
- the remuneration is consistent with the relevant corporate remuneration policy.

Transactions with or between companies controlled, even jointly, by TXT are excluded from this procedure, as long as in the TXT-controlled companies there are no significant interests of other parties related to the Company. Interests are considered as non-significant if they are limited to the fact that one or more Directors or Managers with strategic responsibilities hold office both with TXT and its subsidiaries.

Transactions with associated companies are also exempt from the procedure concerning Transactions with Related Parties, as long as the associated companies do not have any significant interests of other Company's related parties.

Ordinary transactions that are performed at market or standard conditions are completely excluded from this procedure.

This procedure is available on the Company's website at the following address:

<http://www.txtgroup.com/it/governance/Pagine/otherinformation.aspx>

### **13. APPOINTMENT OF STATUTORY AUDITORS**

The Board of Statutory Auditors' appointment is expressly governed by the Company's By-Laws.

The Board of Statutory Auditors consists of three Standing Auditors and three Alternate Auditors.

The Ordinary Shareholders' Meeting appoints the Board of Statutory Auditors in compliance with current regulations on gender balance and determines its members' remuneration. Minority shareholders have the right to elect the Chairman of the Board of Statutory Auditors and an Alternate Auditor.

Without prejudice to the provisions of the second last paragraph of this article, the appointment of the Board of Directors is based on the lists drafted by the shareholders in which the candidates are listed progressively.

The number of candidates in each list is not greater than the number of members to be elected.

The lists that contain three or more candidates must be comprised of candidates from both genders, with a minimum of two candidates for each gender if the list consists of six candidates.

Such lists may be submitted by those shareholders who, either alone or together with others, own at least 2% (two per cent) of shares with voting rights during the Ordinary Shareholders' Meeting.

The lists shall be deposited at the issuer's offices no later than 25 days before the date fixed for the Shareholders' Meeting resolving on the appointment of Board of Statutory Auditors' members and they shall be available to the public at the Company's registered office, on its website, and by any other means provided for by Consob Regulation at least 21 days before the date fixed for the Shareholders' Meeting.

The lists must also include a description of the candidates' professional background and a list of offices held as director or auditor in other companies and declarations in which individual candidates accept their candidacy and, under their own responsibility, certify the absence of ineligibility and incompatibility reasons and the possession of relevant regulatory requirements provided for by the law or the By-Laws.

Lists that do not comply with the provisions previously described are considered as not submitted.

Each candidate may appear in one list only, under penalty of being ineligible to qualify as a candidate.

Likewise, individuals that do not satisfy the requirements provided for by applicable standards or who are already serving as Statutory Auditors in more than five companies listed on the Italian regulated markets cannot be elected as Statutory Auditors. Each person entitled to vote may vote for just one list.

Members of the Board of Statutory Auditors shall be elected as follows, without prejudice to provisions on gender balance.

Two standing auditors and two alternate auditors are drawn from the list that received the greatest number of votes during the Shareholders' Meeting, on the basis of the progressive order in which they were listed. The Chairman of the Board of Statutory Auditors and the other alternate auditor are drawn from the second list that received the greatest number of votes during the Shareholders' Meeting, on the basis of the progressive order in which they were listed. In the event that several lists obtained the same number of votes, a run-off takes place between said lists and all the shareholders participating in the Shareholders' Meeting shall cast their vote. Candidates from the list that obtain a simple majority of votes are deemed elected.

If the Board of Statutory Auditors' composition does not comply with gender mix requirements provided for by current regulations, the necessary replacements shall be made from the list receiving the highest number of votes and based on the progressive order the candidates were listed in.

In the event of death, withdrawal or end of term of office of one auditor, the alternate auditor belonging to the

same list takes over.

If the chairman of the Board of Statutory Auditors is to be replaced, the other standing Auditor drawn from the same list as the outgoing chairman shall take over the chairmanship; if, due to prior or simultaneous withdrawals from office, it is impossible to carry out the replacement following the above-mentioned criteria, a Shareholders' Meeting shall be convened to fill the vacancies of the Board of Statutory Auditors.

Pursuant to the provisions of the aforementioned paragraph or to the law, in the event that the Shareholders' meeting is required to appoint standing and/or alternate members of the Board of Statutory Auditors to fill vacancies, the procedure shall be as follows: in order to replace Auditors from the majority list, the appointment is made by a relative majority vote without any restriction in terms of lists; if, on the contrary, Statutory Auditors from the minority list must be replaced, the Shareholders' Meetings replaces them by a relative majority vote by choosing them, where possible, from among the candidates indicated in the list to which the Statutory Auditor to be replaced belonged to.

Should just one list be presented, the Shareholders' Meeting shall vote candidates of that list; if the list obtains the relative majority of votes, the standing Auditors to be elected are the first three candidates in progressive order and the fourth, fifth and sixth candidate are Alternate auditors; the chairman of the Board of Statutory Auditors is the first person indicated in the list; in case of death, withdrawal or end of term of office of an Auditor or if the Chairman of the Board of Statutory Auditors has to be replaced, the Alternate Auditors and the Standing Auditor, respectively, shall take over the offices following the order indicated in the list.

If there are no lists, or if the list voting procedure does not elect all the standing and alternate members, the members of the Board of Statutory Auditors and if the case may be, the chairman thereof, are appointed by the Shareholders' Meetings by the type of majority required by the law, in compliance with the current regulations on gender balance.

Outgoing auditors may be re-elected.

## **14. COMPOSITION AND FUNCTIONS OF THE BOARD OF STATUTORY AUDITORS (Article 123-bis, paragraph 2, letter d), of the Consolidated Law on Finance)**

The Board of Statutory Auditors assessed the independence of its members (*Criterion 8.C.1.*). In performing the above-mentioned assessment, the Board complied with the criteria provided for by the Code concerning Directors' independence (*Criterion 8.C.1.*).

The Board of Directors made it possible for statutory auditors to participate, subsequent to their appointment and during their term of office, in initiatives aimed at providing them with adequate knowledge of the business sector in which the Company operates, the corporate dynamics and their development, as well as the relevant regulatory framework of reference (*Criterion 2.C.2.*). Considering the Board of Statutory Auditors' composition and the members' seniority, the application of the principle is fulfilled with thorough discussions and meetings with management.

According to corporate policies, in the event that an auditor who, on his own behalf or on behalf of third parties, has an interest in a specific corporate transaction, he or she shall promptly and exhaustively report to the other auditors and to the Chairman about nature, terms, origin and scope of his/her interest (*Criterion 8.C.3.*).

The Board of Statutory Auditors oversaw the independence of external auditors, verifying both the respect of the relevant regulations and the nature and entity of services other than audit provided to the Issuer and its subsidiaries by the external auditors and the entities belonging to its network.

While performing its activities, the Board of Statutory Auditors coordinated with the internal audit function and the Risks and Internal Controls Committee (*Criterion 8.C.4. and 8.C.5.*).

## **15. RELATIONSHIP WITH SHAREHOLDERS**

The Company endeavours to develop a constructive dialogue with institutional investors, shareholders and the public in general, deeming it an important goal since its listing. To the end of maintaining such relationship, in compliance with regulations governing disclosure of corporate documents and figures, TXT has decided to create specific internal functions.

Furthermore, communications are provided to shareholders through the Company's website

(www.txtgroup.com), where income and financial information (i.e. annual, half-yearly and quarterly reports), price sensitive and other press releases issued by the Company are available, as well as a list of corporate events and communication tools that allow to proactively interface with the market with regard to all new corporate and financial issues concerning the Company and allow Shareholders to exercise their rights based on informed decisions.

The Chief Financial Officer Paolo Matarazzo was appointed as Investor Relations Manager. Considering the relatively limited size of TXT and the characteristics of its shareholding structure, a specific corporate structure was not deemed necessary (*Criterion 9.C.1.*).

During 2014, the Company took part in the "Star conference" event organised by Borsa Italiana in Milan, on 25 and 26 March 2014, as well as in London on 3 October 2014. The company also organised a presentation for investors and analysts during the Shareholders' Meeting of 16 April 2014, as well as various meetings with investors in Milan, Paris, London and Frankfurt.

## **16. SHAREHOLDERS' MEETINGS (Article 123-bis, paragraph 2, letter c), of the Consolidated Law on Finance)**

The duly constituted Shareholders' Meeting represents all the shareholders. The resolutions it approves in compliance with the law and the By-Laws bind all the shareholders, including those who are absent or disagree. Shareholders' Meetings are normally held at the Company's registered office, but they can be held elsewhere in Italy.

The one share one vote principle applies.

The Shareholders' Meeting is convened by public notice published in a national newspaper and on the Company's website within the deadlines and by the means provided for by the law; the notice indicates the date, time and place of the meeting and the agenda. The Shareholders' Meeting cannot pass resolutions on issues which are not on the agenda. As an exception to Article 135-undecies, paragraph 1 of the Consolidated Law on Finance (Italian Legislative Decree no. 58/1998), the Company shall not select a representative appointed to receive from the shareholders the proxies and voting indications. The Ordinary Shareholders' Meeting held to approve the financial statements shall be convened by the Board within 120 days from the end of the relevant reporting period.

The right to participate in the Shareholders' Meeting is held by those entitled with voting rights at the record date, i.e. 7 trading days before the date fixed for the shareholders' meeting and who have provided the Company with the related communication made by an authorised intermediary. Shareholders holding shares only subsequent to the record date shall not have the right to take part in and vote at the Shareholders' Meeting. No voting procedures by post or electronic means are allowed.

Each shareholder entitled to participate can be represented during the Shareholder's Meeting by means of a written proxy. The relevant form is available on the Company's website (www.txt.it, Investor Relations, Corporate Governance, Shareholders' Meeting document section). The proxy may be sent electronically to deleghetxt@txtgroup.com. The early notification of proxies does still require the person entrusted with it to submit a true copy and certify the identity of the delegating person, in order to take part in the Shareholders' Meeting.

Shareholders who, even jointly, represent at least 1/40 of the share capital with voting rights may ask for integrations on the agenda, indicating the issues in the request. The latter must be sent within 15 days of the publication of the notice, to the registered office of the Company and submitted to the Chairman of the Board of Directors with due certification of the shareholding requirements. In addition to this request, a report on the topic must be deposited in a timely manner at the registered office, so that it can be made available to the other Shareholders at least 10 days before the Shareholders' Meeting on first call. This integration is not allowed on topics on which the Shareholders' Meeting must vote, as per the law, upon proposal of the Directors, or which are based on a project or report prepared by them.

Shareholders entitled to participate in the Shareholders' Meeting may submit questions on the agenda even before the Shareholders' Meeting, by sending a registered letter to the Company's registered office or by email to [infofinance@txtgroup.com](mailto:infofinance@txtgroup.com). Questions that are received prior to the Shareholders' Meeting shall be answered at the latest during the meeting itself. The Company reserves the right to give a single answer should there be numerous questions on the same topic. The request must include the necessary certification issued by the intermediaries proving the shareholders' voting right or the communication approving participation in the Shareholders' Meeting and the voting rights.

The Shareholders' Meeting is regularly attended by the Board of Directors and Board of Statutory Auditors.

The Ordinary Shareholders' Meeting votes on annual financial statements, net profit allocation, the appointment of the Board of Directors' members and their remuneration, the appointment of Standing and Alternate Auditors and the Board of Statutory Auditors' Chairman and on their remuneration. The ordinary Shareholders' Meeting also votes on the appointment of the External Auditors, establishing the relevant fees, and on approval of the regulations of the Shareholders' Meeting as well as on any other issue pursuant to the law.

The Extraordinary Shareholders' Meeting votes on issues involving changes in the Company's By-Laws, the appointment and powers of receivers in case of liquidation as well as on any other issues pursuant to the law.

Both the first and subsequent dates of convening shall be indicated in the Shareholders' Meeting notice, pursuant to law, unless the Board of Directors opts for the new single-call system instead of the traditional one allowing multiple calls; in this case, the Board of Directors shall explain the choice in the notice.

The recommendation included in the Corporate Governance Code considering the Shareholders' Meetings as an opportunity for developing a constructive dialogue between the Board of Directors and shareholders has been carefully analysed and fully shared by the Company. The latter also deemed suitable – besides encouraging the participation of all directors to the Shareholders' Meeting – to adopt specific measures aimed at adequately enhancing this instrument (*Criterion 9.C.3.*).

To this end, the Shareholders' Meeting held on 7 April 2001 approved the introduction of a specific set of rules to ensure that the Company's Ordinary and Extraordinary Shareholders' Meetings are effectively held, while guaranteeing the right of each shareholder to ask for clarifications on the agenda, speak and put forward proposals.

The Board reported to the Shareholders' Meeting on the activities performed and scheduled, and arranged to provide shareholders with adequate disclosure on the necessary issues so that they can take informed decisions pertaining to the Shareholders' Meeting (*Comment to Article 9 of the Code*).

At 31 December 2014 the Company's market capitalisation was € 81.1 million, compared to € 107.2 million at 31 December 2013 and € 32.6 million at 31 December 2012. The shareholding structure was unchanged. In this respect, it was not deemed necessary to submit to the Shareholders' meeting amendments to the By-Laws on the percentages established for exercising shares and the measures aimed at protecting minorities and in said case report on the results of said amendments (*Criterion 9.C.4.*).

During 2014, one ordinary Shareholders' Meeting was convened.

The Ordinary Shareholders' Meeting of 16 April 2014 approved the 2013 financial statements, the dividend distribution, the Remuneration Report, the treasury share purchase plan, appointment of the Board of Directors and Board of Statutory Auditors and determination of remuneration.

In reference to Article 7 of the Corporate Governance Code relating to the remuneration of directors and managers with strategic responsibilities, the Shareholders' Meeting of 16 April 2014 approved the remuneration policy document prepared by the Remuneration Committee and the Board of Directors.

**17. OTHER CORPORATE GOVERNANCE ISSUES (Article 123-bis, paragraph 2, letter a) of the Consolidated Law on Finance)**

No other corporate governance issues have been implemented in addition to those previously mentioned.

**18. CHANGES AFTER THE END OF THE REPORTING PERIOD**

There were no changes in the Company's corporate governance after the end of the reporting period.
