## CLIENT

A-Team Carpentry & Renovations

A-Team Carpentry and Renovations came to Cheeta Teamwear with nothing but a logo idea.

Their growing team was wearing a mismatch of workwear brands and colours making them look disorganised and unprofessional.

Working on both domestic and commercial projects the team needed a range of Branded Workwear and Hi Vis that was durable and abided by safety standards.

Cheeta Teamwear came up with a set of designs to give them a simple and consistent look that would be worn proudly from the apprentices through to the managers.

Added extras like softshell jackets give the directors that added professionalism when quoting the big jobs.

'We are really happy with what Cheeta came up with for us. We wanted something that the boys were actually going to wear but wasn't going to break the bank. They now help us with everything from polos through to our sun hats. We now just need to shoot them a quick email and they deliver direct to site which is a huge time saver for us!'
