

The First American 100% USDA-Certified Organic Whole Plant Hemp Extract Ingredient

Be first in *your* market—use superior ingredients

Process With decades of expertise in patented food-grade supercritical CO₂ process and extraction, PHCO₂ offers six branded USDA-Certified Organic ingredients.

Purity It starts with PHCO₂ USDA-Certified Organic whole plant hemp biomass, crude, or distillate produced under our food-grade CO₂ process that results in ingredients with high actives with minors.

Potency 80%+ CBD, 0.0 % THC or less, compliant (0.3% THC or less), with natural minors between 0.5% - 8%+, in our six branded ingredients.

Packaging We offer 1-kilogram (1-liter) and 5-kilogram (2-gallon) bottles, and 15-kilogram (5-gallon) pails of both conventional and PHCO₂ USDA-Certified Organic whole plant hemp extract ingredients.

Broad-Spectrum Offerings

BRONZE PHCO₂ USDA Organic Broad-Spectrum: 0.0 % THC or less, less than 1% minors

SILVER PHCO₂ USDA Organic Broad-Spectrum: 0.0 % THC or less, minors 1% - 3%
