

VAIDIO CAM APP

www.IronYun.com

The Vaidio Cam App enables any smartphone to be associated with your Vaidio server as a live camera feed for Face Recognition and License Plate Recognition and protects privacy by working exclusively with Vaidio face or license plate databases.

FEATURES

- ❑ Turn any smartphone into a live camera for Face Recognition and License Plate Recognition
- ❑ Manage permissions for user accounts and groups to select who can access Vaidio via the Vaidio Cam app
- ❑ Receive alerts live on the Cam app, or in the Vaidio alert dashboard or standard mobile app

BENEFITS

- ❑ Use any smartphone (iOS or Android)
- ❑ Available in the Apple App Store or the Google Play Store
- ❑ Protect privacy by working exclusively with faces or license plates stored in Vaidio databases
- ❑ Utilize while moving and still capture faces and plates

IronYun is a global leader in artificial intelligence for security, safety and retail applications. The Vaidio platform delivers dependable accuracy and high performance across the industry's broadest array of analytics functions. We are headquartered in Stamford, CT, and deployed across tens of thousands of cameras for government, healthcare, education, retail and enterprise customers worldwide.
