

# SA Ultrasound

clinical | diagnostic | small animal

*E.I. Medical Imaging®*

## SA

The latest, most advanced model in the IBEX® family, with enhanced image resolution, color Doppler, improved features and remote image-viewing apps. Designed and manufactured in Loveland, CO, the new IBEX SA was created for the companion animal practice—anyone demanding a high-quality image in portable system.

Portable and durable, with a new line of variable frequency transducers, the IBEX SA is ready to go wherever you need it most.

The next generation IBEX SA provides clear image quality with custom exam presets. Improved image quality allows the user faster and more accurate exams for any species. Custom designed exam types take the guess work out of adjusting your machine.

At 7 pounds, the IBEX SA is designed to go from clinic exam table to cage-side. With replaceable batteries you no longer need to worry about the closest outlet.

Created for veterinarians, the IBEX SA works anywhere in the clinic or hospital environment.

## FEATURES

## TRANSDUCERS

### eCL3

Low-frequency, deep penetrating convex transducer

Transabdominal work in large dogs, exotics

### eL14

High-frequency linear transducer

Small animal abdomens, neurovascular applications, superficial structure

### eC6

Multi-frequency transducer, [4-9 MHz], 18 cm depth

Designed specifically for small animal use

### eC9

Multi-frequency transducer, [5-10 MHz], 14 cm depth

Improved imaging, designed specifically for small animal use, i.e. cats, dogs

### A WORD ABOUT OUR CABLES...

All IBEX® cables are tested to 1.2 million flex cycles:

- Custom designed cable jacket is extremely durable, chemical resistant and bio-compatible
- Designed specifically for use in the tough animal environment
- Kevlar strength members embedded in cable bundle to protect coax breakage

## FROM EXAM ROOM TO CAGE-SIDE

### E.I. MEDICAL IMAGING

E.I. Medical Imaging® was founded in 1984 with the vision of developing a state-of-the-art, real-time ultrasound scanner to serve veterinarians and livestock producers world-wide.

Our products have evolved with the needs of the market. We are proud to be the only manufacturer of portable ultrasound systems engineered and developed in the United States specifically for the animal industry.

For over 30 years, the company's core values have remained intact: putting the customer first and delivering solid, effective ultrasound solutions. Today we are a world leader in the durable, portable, veterinary ultrasound industry.

### EDUCATION

EIMI is committed to education. From online learning resources to classroom and wet lab training experiences, we are here to ensure that you get the most out of your ultrasound equipment. Our on-staff veterinarian and sales team are always available to assist you as you put your IBEX® system to work.

EIMI is also involved in educating future veterinarians, and offers two specific programs toward that end:

- EIU™ Student Externship Program—EIMI provides ultrasounds on loan to vet students for externship experiences.
- EIU™ Seminars—EIMI hosts ultrasound seminars at veterinary schools and in the field, comprising a short introductory lecture and hands-on wet labs.

### CUSTOMER SUPPORT/LOANER PROGRAM

Downtime is not in the vernacular at E.I. Medical Imaging—service is the hallmark of our business. We engineer systems specifically for veterinary use and understand the challenges downtime brings. With industry-leading service turnaround times and a free loaner program, we ensure continuity of your business. All service is conducted at our EIMI facility in Loveland, Colorado, using only genuine EIMI parts.
