

See which health plan will save you the most money next year.

We highlight who's on the plan and the major factors contributing to costs.

View your health plan options ranked by:

- Total costs (how much we predict you will spend on health care over the year)
- Total savings (how much we predict you will save on health care over the year)
- The worst case scenario (the most you could spend on health care over the year)

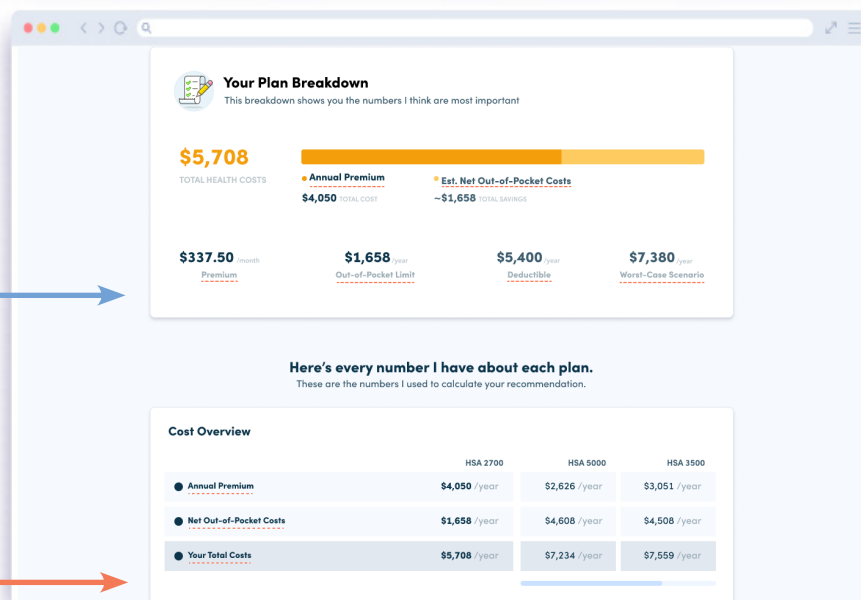

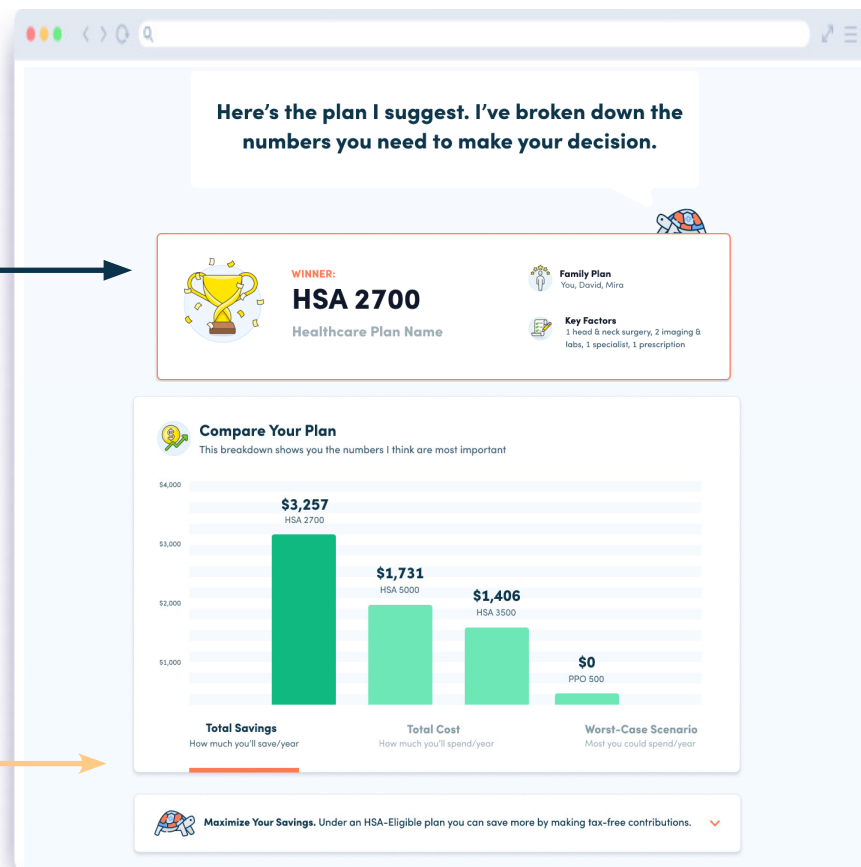

Click on the different titles below the bar graph to see each different view.

Understand how your health care costs will breakdown over the year for the winning plan:

- See how much of your health care costs go to premiums vs. out-of-pocket costs
- See your monthly premium, out-of-pocket limit and deductible
- See the most you could need to pay

See how your health care costs breakdown for each plan option:

- See how much of your health care costs go to premiums vs. out-of-pocket costs
- Compare these numbers for each plan option

# Reading Your Report

Get more details on your plan options and a full breakdown of how we calculate your expected costs.

Schedule a call or email us with questions about your report.

Access resources.

### Helpful hints:

- Download your report before you exit your window or restart the questionnaire!
- Keep an eye out for Theo turtle call-outs! Click on them for more information.

The screenshot shows a web application interface with the following elements:

- Plan Details** and **Cost Details** sections with dropdown arrows.
- An **important message** section featuring a turtle icon and the text: "Here is an important message. It is usually tailored to the needs of each employer and their employees."
- Email Us** section: "Need some help? Email us anytime with questions about this estimate and one of our experts will get back to you." Includes an "Email Us" button and an icon of an envelope with wings.
- Schedule a Call** section: "If you'd feel more comfortable going over your health estimate with an expert schedule a call." Includes a "Schedule a Call" button and an icon of a headset.
- Feeling Overwhelmed?** section: "Check out these free resources to get insights on HSAs, common questions, and more." Includes a "See all →" link and five resource cards:
  - HSA Retirement 101
  - How to Save in Health
  - Worst-Case Scenario Planning
  - How to Save for Health Care
  - RolloverHSAs
- Bottom navigation: "Download" button, "Take Questionnaire Again" button, and "Enroll in Plan" button.

Download your report to view later.
