

## Bridges Program 2021-22

In order to provide adequate adult supervision, all students in Early Morning Care and the After School Program must be registered before they can attend. Both Early Morning Care and the After School Program have full and part-time options. We are happy to provide this service for your family.

### Early Morning Care (EMC)

- Available Monday - Friday, 7:00 - 7:40 am
- Parents are required to sign their children in upon arrival.
- Supervision is provided until 7:40am when students are escorted to their classroom buildings.
- If the school opening is delayed, then EMC will be delayed by the same amount of time.

- As a rule, the After School Program is closed on early release days.
- Parents are required to sign their children out at pick-up.
- There is a late fee of \$10 for every 5-minute increment after the mandatory 6:00 pm pick-up time.

Upon registering for the Bridges Program, parents will receive a welcome letter with specifics. Throughout the year we share information regarding enrichment opportunities available to Bridges students as well as classes offered school-wide. If school is dismissed early or canceled, Bridges will not operate on that day.
