

July 22 2020

Dear Parents and Faculty/Staff,

Good evening, I hope this email finds your family in good health!

I reach out today to provide some information, actually a lot of information, to help give some perspective on the re-opening 4 weeks from today! I am not trying to overwhelm you, but wanted to provide the **mock** online and in-school schedules for MS and elementary students, a FAQ document, and the form to sign up for the first trimester of online learning if that is an option you wanted to choose for your student(s).

The form for signing up for online Distance Learning at TFS for the first trimester is [here](#). Please read the form carefully. You only have to complete the form if you want to choose the online option. Additionally, the FAQ document attached below has some questions discussing online learning, as well as many other aspects of our opening and our COVID-19 plan.

Lastly, the "Attestation Form" below is a document we will ask all families to complete and sign before school starts, which we will keep on file. We will then ask at morning car pool if all conditions of the attestation form are met and need just a verbal affirmation each day, as well as performing the daily temperature check, before the students are allowed into school each day. If any of the conditions on the form are not met on any particular day, please keep your child at home.

We will continue to provide updates and opportunities for you to ask questions and get information on our plan as we get closer to the start of our 2020-21 school year. While it will be a different year, it will be another amazing year of learning at TFS! We are glad you are here and thanks for your support!

Sincerely,

Mike Watson

Principal at The Franciscan School
