### **ADDING RESULTS IN THE TOOLS**

Select the result type. Remember that community results will only apply to community programs, and governance results will only apply to governance programs.

Enter the name of the result, and the abbreviation you want to see when scoring.

Result weights are initially set at three, whereas most BPA results are set to one.

Add Result	

It is a best practice to have 4-6 community results and one good governance result

#### **DEFINE YOUR RESULTS**

Every result will need 4-6 definitions

#### WEIGHTS

All results are weighted the same, but can be changed if further prioritization is desired
