

Drive student and staff usage toward outcomes that matter

Implementation Drivers - adapted from the [National Implementation Research Network](#)

Getting staff to move from being able to access a software to really leveraging it for impact requires continuous support.

MajorClarity's professional learning courses close the gap between planning and results by deepening skills within key parts of the platform.

All courses weave together product guidance, career and college readiness (CCR) best practices, and scenario-based professional learning to focus on practical takeaways.

Courses are 1-2 hours and can be completed on-demand by individuals or as teams.

PROFESSIONAL LEARNING COURSES

Available September 2021

- Data-Informed Planning: Master Schedule, Budget, & Staffing
- CCR Best Practices for College Hopefuls
- Maximizing the MC Portfolio for IEP Transition Requirements

Coming Soon

- Launching a Comprehensive Work-Based Learning Program
- Expanding Your District's CCR Champions with the Advisory Model

FREQUENTLY ASKED QUESTIONS

- Q** How do Professional Learning courses drive toward postsecondary priorities?
- A** Courses are designed with two primary goals in mind:
- Build staff familiarity with the MajorClarity platform early to ensure smoother implementation
 - Combat internal siloes and expand the net of career and college readiness (CCR) champions
- Q** Do the courses reflect best practices in professional learning?
- A** Each course is relevant, engaging, and focused on practical application. The content of each course is tailored to specific district roles and built with variety in mind: bite-sized content, brief tutorial videos, practice scenarios, and an interactive reflection journal.
- Q** How long does it take to complete a course?
- A** When completed in a single session, courses take approximately 1-2 hours.
- Q** How much do PD courses cost?
- A** Currently, districts can purchase a 2021-22 All Access Pass to unlock courses for all staff; contact your Customer Success Manager for a quote.
- Q** How are the courses delivered?
- A** Courses are available on-demand from a staff MajorClarity account. They can be taken in a single session or self-paced over time. Reflection activities can be completed either individually or simultaneously with a team, PLC, department, or full district.
- Q** What are the course outcomes?
- A** Educators and staff will walk away with personalized SMART goals and an aligned Reflection Journal.
- Additionally, educators will receive a virtual badge and email signature to publicly highlight their expanded skill set and commitment to professional growth.
- Q** How is completion documented?
- A** In MajorClarity, administrators have access to a "Professional Learning Progress Report" that captures every staff member who has enrolled in one or more courses and includes the course title, course progress status, course start date, course completion date, & course's equivalent PD hours.
- Additionally, educators receive an electronic "Certificate of Completion" and an Individual or Team Reflection Journal that can be submitted for verification.
