

CURRICULAR SUMMARY

Name: SAIDE JORGE CALIL

1) Education/Training^[L]_[SEP]

PhD and MSc on Biomedical Engineering at University of London

2) Present Situation:

Retired as full Professor of the University of Campinas - UNICAMP

3) Relevant information.

- Member of the Founders Council of the Global Clinical Engineering Alliance (2020)
- Chair of the II International Clinical Engineering and Health Technology Congress (ICEHTMC - 2017) – São Paulo/Brazil - (2017)
- Co-opted Member of the Clinical Engineering Division of the International Federation for Medical and Biological Engineering (CED/IFMBE) – (2009 - present)
- Visiting professor at Centre for Global Ehealth Innovation - University Healthcare Network/Canada. (2011)
- Invited lecturer by the University of Patras (Greece) – (2010 – 2011)
- Organizer of the II Risk Management Workshop. Partnership with American College of Clinical Engineering, Pan-American Health Organization, Hospital Sirio Libanes, University of Campinas (UNICAMP), Brazilian Ministry of Health - (2009)
- Technical Advisor of the World Health Organization (WHO); Project: Global Initiatives on Health Technologies. (2009)
- Chairman of the Clinical Engineering Division of the International Federation for Medical and Biological Engineering (CED/IFMBE) - (2009 – 2012)
- Organizer of the I Risk Management Workshop. Partnership with American College of Clinical Engineering, Pan-American Health Organization, Hospital Sirio Libanes, UNICAMP, Brazilian Ministry of Health – (2007)
- Member of the Administrative Committee of the International Federation on Medical and Biological Engineering (AC/IFMBE) – (2006 – 2012)
- Member of the Clinical Engineering Division of the International Federation for Medical and Biological Engineering (CED/IFMBE) - (2003 - 2009)
- Former technical advisor of the Brazilian Ministry of Health on issues related to Health Technology – (1990 – 2002)
- Former technical advisor of the National Health Surveillance Agency (ANVISA) on issues related to Health Technology – (1992 – 2002)
- Developer and Coordinator of a Clinical Engineering Specialization course – (1992 – 2021)
- Member of the Council that designed and promoted Clinical Engineering in Brazil – (1990)
