CitiusTech

CitiusTech Healthcare Platforms

CitiusTech offers a wide range of solutions that can leverage AWS infrastructure and help your organization accelerate digital healthcare transformation.

Platform	Description
BI-Clinical	Modular, configurable and scalable platform for **healthcare BI & analytics**, closing gaps-in-care and regulatory compliance
SCORE+	**HEDIS® performance management** suite to help health plans accelerate quality reporting, enhance collaboration and improve HEDIS® performance
PERFORM+	Comprehensive solution that enables health plans and provider groups to monitor and enhance **provider performance**
FAST+	Unified solution to drive **FHIR adoption**, leverage FHIR to enable digital strategies and accelerate CMS Interoperability rule compliance.
H-Scale	Modular, configurable and scalable platform for **data acquisition, processing, governance, quality, security and advanced analytics**.
SDE	**Stars Decision Engine** - AI/ML driven solution for Medicare Advantage Plans to improve their CMS Star ratings

Success Stories

Data migration to AWS Aurora for a leading MedTech firm: Leveraged AWS database migration service to migrate to AWS with no downtime. Achieved 3x higher throughput than the incumbent database platform

Microservices based collaboration platform for global Life Sciences company: Increased AWS utilization by leveraging managed services like EKS, Elastic Search and ECR. Improved system availability from 98% to 99.5%

About CitiusTech

CitiusTech (www.citiustech.com) is a leading provider of healthcare technology services, solutions and platforms to over 130 organizations across the payer, provider, medical technology and life sciences markets. With over 5,000 technology professionals worldwide, CitiusTech powers healthcare digital transformation through next-generation technologies, solutions and accelerators. Key focus areas include healthcare interoperability & data management, quality & performance analytics, value-based care, omni-channel member experience, connected health, virtual care coordination & delivery, personalized medicine and population health management. CitiusTech has two subsidiaries, FluidEdge Consulting (www.fluidedgeconsulting.com) and SDLC Partners (www.sdlcpartners.com), with deep expertise in healthcare consulting and payer technologies, respectively. CitiusTech's cutting-edge technology expertise, deep healthcare domain expertise and a strong focus on digital transformation enables healthcare organizations to reinvent themselves to deliver better outcomes, accelerate growth, drive efficiencies, and ultimately make a meaningful impact to patients.
