

Job Title: Business Healthcare Consultant (s) (full time; multiple openings), Job Code – CT63

Work Experience Required: 2 years

Location: Princeton, New Jersey and various unanticipated locations throughout the U.S

Duties:

- Help design computer systems used in the healthcare industry to meet various business needs such as improved clinical services or organizational efficiency
- Design new computer systems as well as modify existing systems to improve efficiencies
- Work with project leaders to create strategic plans and project roadmaps
- Interact with users to gather business requirements as well as translate requirements into technical specifications.

Must have a Bachelor’s Degree (or foreign equivalent) in Computer Science, Business, Engineering (any), or related field, plus two years of IT experience. The two years of IT experience must include experience with Agile, Scrum, Affordable Care Organizations (ACO), Physician Quality Reporting System (PQRS), and Healthcare Effectiveness Data and Information Set (HEDIS) measures. In lieu of a Bachelor’s Degree (or foreign equivalent), we will accept a Bachelor’s Degree (or foreign equivalent) earned through any suitable combination of education, training, and/or experience, as determined by a professional evaluation service. Travel and relocation required, to be reimbursed by employer. Incidental telecommuting permitted. EOE M/F/D/V.

Please apply by forwarding resumes to CitiusTech Inc. at us_jobs@citiustech.com. Please indicate the reference code(s) with respect to your position of interest in your communication. REF: CT63
