Job Title: Sr. Solution Architect(s) (full time; multiple openings), Job Code – CT28

Work Experience Required: 2 years

Location: Princeton, New Jersey and various unanticipated locations throughout the U.S

Duties:

- Design data migration solutions to facilitate transfer of data from legacy systems to new platforms
- Communicate with stakeholders to determine project requirements
- Translate these requirements into functional requirements
- Design interfaces to integrate data from existing system into new platform
- Perform system integration testing
- Execute migration tasks to move data to client platforms
- Customize features per business and data requirements.

Must have Master's Degree (or foreign equivalent) in Computer Science, Engineering (any), or related field, plus two years of IT experience. One of the two years must include experience with Asp.Net, Angular, and Knockout JS. In lieu of the above education and experience requirements, we will accept a Bachelor's Degree (or foreign equivalent) in Computer Science, Engineering (any), or related field, plus five years progressive post-bachelor's IT experience. One of the five years must include experience with Asp.Net, Angular, and Knockout JS. Any suitable combination of education, training, or experience is acceptable. All experience may be acquired concurrently. Travel and relocation required, to be reimbursed by employer. EOE M/F/D/V.

Please apply by forwarding resumes to CitiusTech Inc. at us_jobs@citiustech.com. Please indicate the reference code(s) with respect to your position of interest in your communication. **REF: CT28**
