CitiusTech Launches SCORE+ for HEDIS to Address Key Payer Challenges Around HEDIS Compliance

End-to-end solution suite designed to accelerate quality reporting and gap closure, manage compliance results and enhance provider engagement

Princeton, NJ (Feb 13, 2018) – [CitiusTech](#), a leading provider of healthcare technology services and solutions, has launched SCORE+ for HEDIS, a comprehensive solution that enables payer organizations drive end-to-end HEDIS compliance and drive better quality of care.

SCORE+ for HEDIS provides integrated modules for measure computation, reporting, medical chart collection & abstraction and regulatory submission. The solution includes comprehensive reporting and analytical capabilities for clinical, financial and operational key performance indicators (KPIs). It also provides a unique, workflow-based approach to track and close clinical and coding gaps at the point-of-care.

“In the drive towards value based care and reimbursement, health plans are facing increasing pressure to improve their bottom-line in an uncertain environment. As a result, regulatory incentives such as CMS Star ratings, and underlying HEDIS performance are now strategic necessities for health plans,” said Shyam Manoj, Vice President & Payer Market Business Head at CitiusTech, “SCORE+ for HEDIS is an end-to-end quality management suite with near real time reporting capabilities that can enable health plans to improve compliance, engage providers, and close gaps in real-time.”

The SCORE+ for HEDIS solution leverages CitiusTech’s proprietary Rules Library – the largest in the industry – with 900+ pre-built KPIs across clinical, financial, operational and regulatory measures. In addition to the solution, CitiusTech also helps large payer organizations with specialized expertise around payer and provider data integration, data management and healthcare technology consulting.
