

Healthcare RPA Solutions with CitiusTech

Combining Deep Healthcare Domain Expertise with NEXTGEN RPA Technology Capabilities

Healthcare leaders today recognize how Robotic Process Automation (RPA) presents an opportunity to streamline processes, become more agile and drive digital transformation.

CitiusTech enables some of the world's leading payers, providers, medical technology and life sciences organizations to design and implement their automation strategy using best-in-class RPA tools from our RPA technology partners. We offer end-to-end RPA expertise needed to automate complex healthcare workflows across the care continuum.

CitiusTech follows healthcare rules and regulations to ensure safety and quality assurance of all RPA implementations.

Success Stories

Large regional health plan

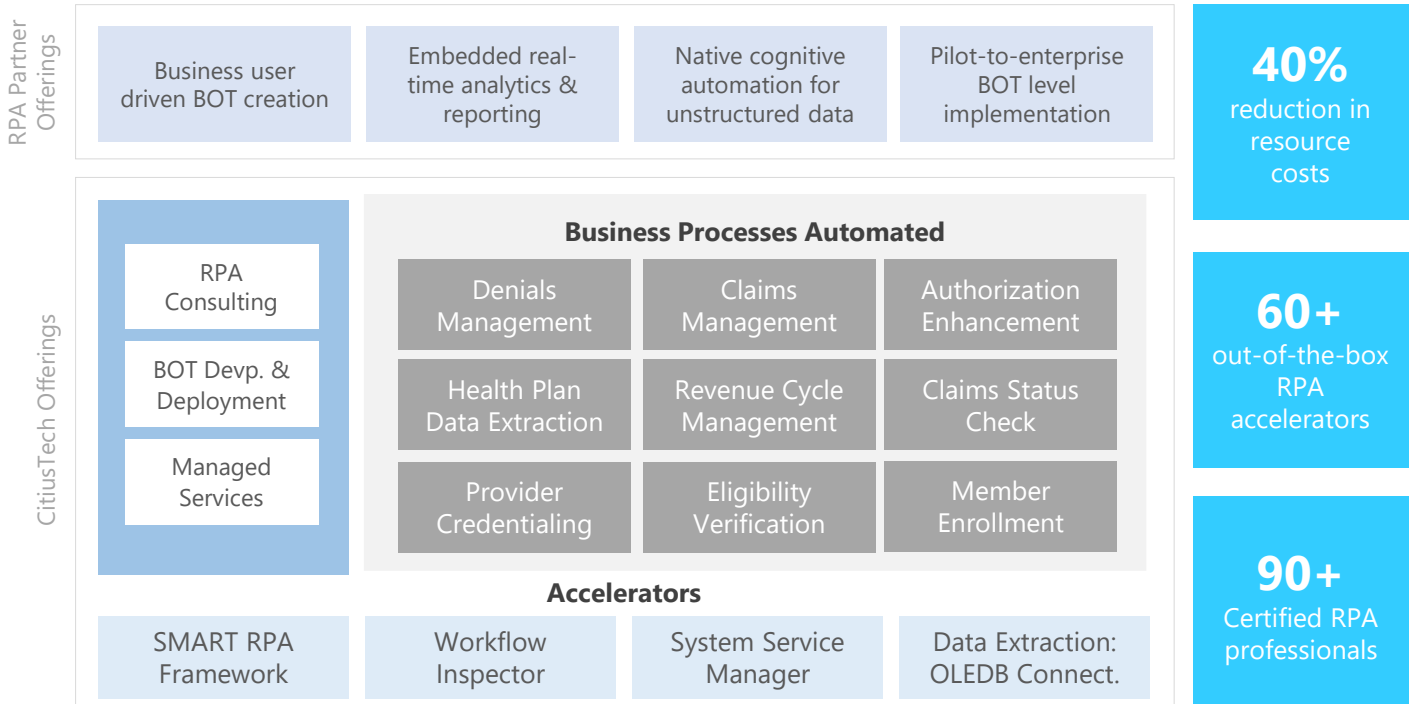

Automated claim edit and validation – improved accuracy to 97% and reduced cycle time by 80%.

Leading RCM provider

Automated payment posting processes – 25% reduction in manual effort.

Leading payer organization

Automated claims processing with minimal impact to existing systems – increased claims accuracy to 85% with 40% cost savings.
