# ONC 2015 Certification for Nephrology EHR

Client Requirement

Client is a leading provider of renal care solutions in the United States. The client needed Nephrology workflow management support to resolve issues and maintain expected functionality.

CitiusTech has developed EHR workflows, mobile apps and delivered ONC 2011/2014 edition certifications, to help renal providers comply with MU and MIPS requirements.
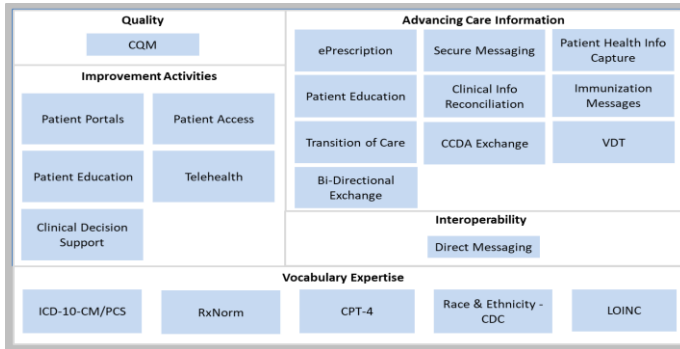

With regulatory expertise and in-depth experience of working with EHRs, CitiusTech has helped organizations comply with the latest ONC 2015 edition certification and QA.

CitiusTech setup a dedicated offshore team to work on resolving incidents and web development.

CitiusTech Solution

A Quality Assurance team was deployed at offshore and onsite locations with in-depth healthcare knowledge and technical expertise

- Performed various testing strategies like Static Testing, Installation testing, Sanity/BVT testing, Functional & Regression testing, Compatibility & Synchronization testing, Integration Testing, Database & API testing

- Assisted in transitioning legacy Flex application to Java application in testing capability

- Supported to undergo ONC 2015 CEHRT certification for selected modules for the EHR

- Handled manual, automation, performance testing and enhancements of both web and mobile applications of EHR across various platforms (iOS, Android)

CitiusTech

ONC 2015 Certification for Nephrology EHR

Value Delivered

- Long-term EHR expertise developed for all CMS quality reporting and ONC certifications

- Leveraged CitiusTech's expertise in successfully getting ONC 2015 CEHRT certification for EHR

- Ensured EHR application to exhibit expected behavior through enhancement and extensive testing
