WHO WE ARE

8(a) HUBZone

Simple Technology Solutions (STS) is an 8(a) & HUBZone small federal business featuring advanced partnerships with Amazon Web Services, Microsoft Azure and Google Cloud Platform.

STS has in-depth experience helping Federal & State government agencies with Agile/DevOps/Cloud adoption & transformation.

We understand how **people + process + technology** work together to dramatically transform how government IT organizations improve their ability to deliver quality software & cloud-enable IT services to their end-users.

IN-DEPTH EXPERIENCE
LEADING GOVERNMENT CUSTOMERS
TO CLOUD/AGILE/DevSecOps
TRANSFORMATION

People

The implementation of Agile & DevOps are primarily org change initiatives where the organization implements "Systems Thinking" and "Lean" processes. STS provides Enterprise Agile/DevOps/Cloud coaching, mentoring & workshops that change the mindsets and perspectives of organizational stakeholders that cut across traditional mission & IT functional boundaries.

Process

STS drives the implementation of Lean processes to automate and expedite the delivery of quality software. Our process methodology enables: Continuous Integration (CI), Continuous Testing (CT) and Continuous Delivery (CD).

Technology

Our experienced engineers support the installation, configuration, and optimization of the leading Enterprise Agile Software Development, DevOps & Cloud Migration Tools, including:

- JENKINS • HYGIEIA • JIRA • CONFLUENCE
- MAVEN/MSBUILD • SVN/GITHUB • CHEF
- SONARQUBE • SELENIUM • LIQUIBASE
- DELPHIX • APPDYNAMICS • SOLARWINDS

STS LEARNING & DEVELOPMENT

The STS Apprenticeship Program is central to our mission; with a corporate responsibility to invest in local talent and create a competitive pool of experienced software engineers, we built an intensive 12 week curriculum to mentor, coach and train eager and motivated candidates. We work to develop our cloud engineers to meet and exceed the demands of the industry.
