

# Four Corners Primary Care

First 6 Months

*"We selected Azalea RCM because they work the complete revenue cycle funnel including denials and patient collections. In the first six months, they have completely turned us around – cut days in A/R by half and increased collections. We couldn't be happier with our selection. Their team is friendly and most of all they deliver on their promises!"*

- Revenue Cycle Management Director  
Four Corners Primary Care

Increased average monthly collections by **\$23,734** (nearly 19%) in the first 6 months

Cut days in A/R by **more than half (57%)**

Increased per visit reimbursement by **\$18.57**, adding over **\$420,000** in annual revenue (projected)
