

Gondwana Care Trust Newsletter July 2020

"Fighting poverty and hunger is no simple task and it takes a brave soul to commit and fight the war. Be brave and join the fight so together we can a day at a time vanquish the war."

July - August 2020

Dear friends, sponsors, partners and colleagues

Thank you to all our partners who continually trust in us and support our projects. We cannot do it alone and together we can make a small difference in someone's life. Since 13 August 2020, President Hage Geingob declared the country to fall back to Stage 3 for 16 days.

The Lockdown has brought distress to many families finding themselves without job, income and any basic resources to provide for their children, their family, their elders...

The Gondwana Care Trustees have been monitoring the situation and have coordinated actions with our still "active" recipients in the MealForTwo program, which are allowed to operate and continue with their feeding programs. We want to thank you for your commitment and your endless passion and love to continue and care for others in this difficult time.

Many additional organizations have been added to the MealForTwo since March 2020 and the need for assistance is increasing as more and more families find themselves in desperate situations. Please join us and support the MealForTwo program if you are able to. Any contribution makes a difference - you can donate via our bank account or contact us by email if you can contribute with food items to caretrust@gcnam.com Thank you.

PLEASE IF YOU CAN ASSIST US WITH ANY FOOD/HYGIENIC ITEMS OR CASH DONATION INTO THE GONDWANA CARE TRUST ACCOUNT (Ref: Food relief

Covid19) SO WE CAN CONTINUE DELIVERING TO THOSE IN NEED, please contact us at caretrust@gcnam.com

Gondwana Care Trust MealForTwo lockdown emergency food supplies:

Following the devastating Fire at Twaloloka, the Gondwana Care Trust immediately looked into what can be done to also assist the community.

The Trust was collecting secondhand clothing and blankets for a few weeks and thanks to Alexander Private School, APS in Walvis Bay, we managed to hand out over 50 bags of clothing to the Round Table.

The learners of APS Rotary club managed to collect a lot of children's clothing and the decision was immediately taken to donate everything to the Twaloloka community.

The Trust is in contact with one of the soup kitchens operating in the Twaloloka district, whereby in a combined effort with TASK, we deliver bread, butter, jam, peanut butter and fruits on demand so that they can hand out this to the children when they serve their meals.

One of the urgent needs was masks for children, as many kids do not have a mask, and some cannot queue to get a meal without wearing a mask. **The Gondwana Care Trust purchased 150 children's masks, made locally, so they could be handed out during meal time.**

We are so humbled to be able to assist on such a small scale. The Namibian community has been incredibly generous and has made huge donations to the Twaloloka fire victims. So many families were left with absolutely nothing. No home, nothing to cook on and nothing to store food!

This is one of the reasons, that the Trust will continue to assist TASK in order for the children to continue receiving a meal while their parents and families slowly rebuild their homes.

THANK YOU TO EVERYONE INVOLVED! The amazing work done by TASK, Ms Toya Louw and her team, the Round Table and so many other organizations and soup kitchens all over Walvis Bay as well as the church's soup kitchen, that have stood together through this time and have made it possible for so many families to start anew!

As we received funds for Twaloloka, we will be on stand-by for the soup kitchen and provide what they need when they serve a meal to the community members. **THANK YOU** to all who have paid the initiative forward through the Gondwana Care Trust: Dreyer Family (N\$1000.00) - Anonymous: N\$3 350.00

Total spent for Twaloloka via TASK soup kitchen: N\$8 592.62

ECO-HOMESTEAD NURSERY - Okafitu Kakamba Village

Project Co-ordinator: Ms Agnes Shekupe Shivute - aggysshivute@gmail.com
Cell: +264 81 416 4541

Agnes is a BSc Integrated Environmental Science graduate (UNAM) and has a certificate in SME Enterprise Development and Mentoring from Olafika. Agnes is running a nursery since August 2018 (Eco Homestead) from home in Okafitu Kakamba Village, Anamulenge Constituency, Omusati Region.

She is an environmental enthusiast, persevering to successfully establish a sustainable business for society, the environment and the economy.

The nursery has a variety of plants ranging from indigenous fruit trees such as marula, baobab and jackal berry to mango's, papayas, ornamental plants and flowers. However due to lack of funds, progress is evidently very slow.

Agnes has secured 2 hectares of land and also some equipment for the garden, with a 100m shade net being the most valuable addition to grow the nursery and offer the following solutions below. She is also able to make certain internship opportunities for graduates available in the Environmental field of study.

Agnes is really pro-active and hopes to be able to assist with environmental clean-up campaigns and educational training on how to be sustainable and even be able to make a living from this small-scale vegetable farming etc...

Despite a limited budget due to the Covid-19 pandemic, the Gondwana Care Trust still managed to assist Agnes in purchasing the needed fence and poles to secure the land. Total budget: N\$8 598.

Agnes is a young entrepreneur and we would like to wish her the very best in growing the EcoHomestead nursery successfully and at the same time improve the quality of life for many within the community and the well-being of the surrounding environment. Thank you Agnes, we need more young and avid entrepreneurs like you to make our planet a better place for the generation of tomorrow.

Anyone willing to support Agnes in her project, please do not hesitate to contact me or Agnes directly. Thank you for your interest and support.

“Back to School XMAS BAG Project” 2020:

Gondwana Care Trust - caretrust@gcnam.com

081 242 5900 for more information on how to assist the project

As every year, Gondwana Care Trust is sponsoring the “Back to School Xmas Bag project” to enable Namibian children to be prepared for their new year at school, encourage the children to stay at school and most of all to put a big smile on their face when they open the Xmas bag which is not only filled with a basic stationery school set but with a gift specially chosen for them!

About 3 years ago, we decided to have a material bag done which could be re-used by the child and be a bit more environmentally friendly.

Schools, hostels, orphanages, OVC Centres send us their list by September/October.

The list must include: Name of the child, gender, age, grade/year and any special needs so we can pack and personalize the bag and pack the right toy and stationery kit for the child.

Each bag has the child's name written on and according to the age and gender, a toy is added to the bag. We have a basic stationery kit included which comprises of pens, pencils, crayons, a ruler, an eraser, a plastic folder, an exercise book, and for older grades we also include a calculator if we have these available.

For the younger kids, we include a colouring book and a reading book with a handwritten message in the book ... For the older kids, we would include a roll on, body cream, toothpaste and toothbrush, soap and a small towel.

Last Xmas 2019, we were very blessed to receive food donations from our partners and we were able to add some maize, sugar and canned fish, so the child would be

able to share a warm meal with the family.

This year has so far been very challenging, yet we continue to hope that we are able to repeat the same donation and we would thank you for sharing this pledge and/or contact us if you are willing to assist us with the Xmas bag project!

Due to the Covid-19 crisis, we were unable to sell the Xmas bags in order to raise funds towards the project.

To all the bags some sweets are added because Xmas is simply not the same without something sweet! Last year we prepared 3 000 Xmas bags and we hope to achieve the same amount this year!

The Back to School Xmas Bags are for sale and for N\$200, you can support a child that will receive the bag on your behalf.

Most schools are still closed but we have centers all over Namibia providing for many children and we will keep the bags for the learners until they return to school. We expect to hand out the bags late December or mid January 2021 and this will still allow the children to have the necessary essentials when going back to school.

We cannot do it alone!

Please, if you are willing to assist us, contact me or drop off your donation at the Gondwana Collection head office... Please write on your donation your name and email address so we can add you to the Newsletter and XMAS BAG 2020.
