

Customer Story

National Industries for the Blind

ABOUT:

SHARES FINANCIAL DATA MORE EFFECTIVELY WITH THE CLOUD

National Industries for the Blind (NIB) is a dynamic nonprofit organization that employs both sighted and blind individuals, who are all focused on the mission of creating increased career opportunities for people who are blind.

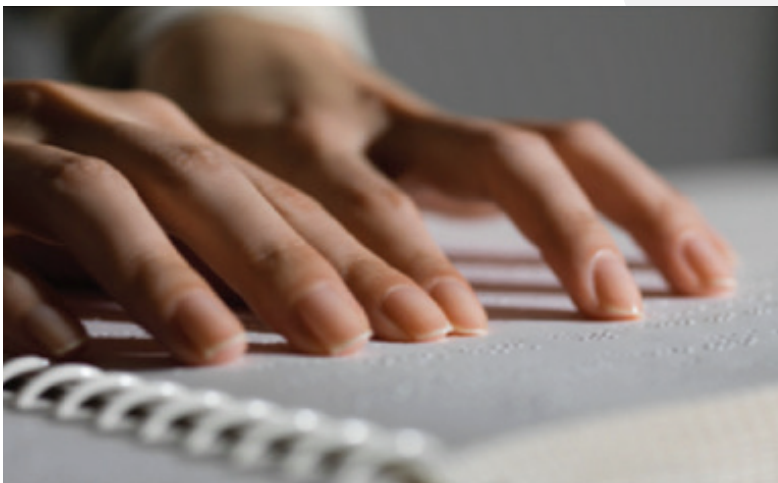

CHALLENGES:

- Broad solutions footprint supported business processes end-to-end
- Full supply chain requirements included Order Management, Advanced Pricing, Inventory, iStore, Sales Contracts, Purchasing, iSupplier Portal and Financials
- Needed to support vision accessibility compliance standards

RESULTS:

- Achieved complete support for end-to-end business processes
- Automated eCommerce solutions and order management support
- Integrated the order-to-cash process with a 3rd party payment processor for on-line authorization and cash settlement to the NIB merchant bank account
- Gained full support for vision accessibility compliance standards
